

## Battery Column More Features - Less Weight

**18,000 lbs. Capacity**

**More Performance Features  
Than Other Columns**

- 14" Adjustable Forks standard
- Base Arms 4" Clearance Height
- Sealed Steel Roller Bearings
- Large LCD Display
- Column Height only 88.9"
- "Gang Charge" all columns at once
- Smooth Operation without Increments

## Optional

- Interactive LCD Control Panel
- Includes "Snail" Slow speed lowering & Raising
- Optional 20" fork extensions
- Variable speed eliminates load sway
- Optional Load Sensor displays actual weight within 110 lbs. (50 kg) accuracy
- Optional HD Pallet Jack with load sensor shutoff
- Optional Corrosion Resistant Finish
- Optional adjustable front wheel for floor grades
- -.5% to +1.5% degrees

## SPECIFICATIONS

<b>Capacity</b>	<b>18,000 lbs</b>
Max. # of Columns	10
Load Support	Adjustable 14" Forks
Tire Sizes	13" - 22.5"
Support Frame Height	4"
Safety Locking	Hydraulic + Mechanical every 2"
Stroke	69"
Lifting/Lowering Time	90 sec.
Rear Travelling Device	Spring Loaded 6.3" Wheel
Power Voltage	24V
Average # Lifts Prior to Re-Charge	20
Motors	3 kw 4 HP
Battery Capacity	100 ah
Charging system requirements	110v
Charging Amperage	2.5 amps.
Control	LCD Display 2.2" x 4.5"
Synchronization	Continuous without increments
Control Modes	Single, paired or group
Protection Class	IP 65 - Nema 4
Column Weight	1188 lbs
Length of Column	46.9"
Width of Column	45.9"
Height of Column	88.8"

**LOW PROFILE 14" ADJUSTABLE FORKS**

**PALLET JACK WITH RETRACTABLE WHEELS**

**LOW FLOOR PRESSURE FRONT WHEELS**

**MORE FEATURES - LESS WEIGHT!**
