🏆 Achievements & Awards

○ Distance learning for the 3D Zephyr program through videos and the book available on the program's website, in order to create an archaeological façade for the Mullah Khana Mosque in Aleppo. I succeeded in this and learned the work accurately and quickly in completion, and I obtained an average of 94%.

○ Distance learning of the AutoCAD Civil 3D program to create a longitudinal section of a road. I succeeded in doing this with accuracy and speed of completion and obtained a 100% rate.

○ Learn to use the Leica Total Station device in order to do detailed scanning. I did a small project on it, which is a detailed survey of the Faculty of Sharia and its surroundings at the University of Aleppo, and I got a 100% average.
