LANGUAGES

ENGLISH

Accomplished and detail-oriented Architectural technologist, skillful in both computer-aided and hand-rendering of project plans and possessing hands-on project experience with different architectural companies and internationally recognized construction companies such as Julius Berger. I am familiar with design principles, have good experience of using Modeling Softwares (AUTODESK REVIT, ARCHICAD) and Visualization software (D5 RENDERING ENGINE, CORONA RENDERER). I have an impeccable record of having a distinction in my academics and dedication to work and effective communication with my superiors. I am willing to leverage my skills, experience and knowledge to move your company in the direction of achieving its goals while improving in my areas of interest.

KEY RESPONSIBILITY AREAS

- Planning and design
- 3D Modeling
- Visualization
Detailing

WORK EXPERIENCE

JULIUS BERGER
NIGERIA PLC

2020

JUNIOR ARCHITECT

- Tasked with performing calculations of design parameters for accuracy and safety.
- Responsible for designing and drafting project blueprints for approval.
- Consulting with clients to determine functional and spatial requirements of any new structure.
- Responsible for mapping out overall strategy for documentation and identifying as-built designs and building information models (BIM).
- Utilizing Auto 3Ds Max and CAD to complete designs, model renderings and specification details.

JULIUS BERGER
NIGERIA PLC

2019

ARCHITECT-INTER N

- Design of schematic drawings, site technical reports, computer aided design software services and physical site measurements.
- Assists the conduction of modeling and texture optimization for real-time 3D RENDERING
- Assist in interpreting concept art and sketches to facilitate creation of innovative virtual characters, environments and props.
- Works with a team of three (3) to conceptualize compelling 3D animations, visual effects and motion graphics for logos, symbols, backgrounds and special features.
- Simulates behaviors of objects by developing models.
