Mob : 00974 77005493 (Qatar)

Mob : 00923445278345 (PAK)

E mail : Omehtab416@gmail.com

With a strong background in surveying, I have gained valuable experience and extensive knowledge in various aspects of the field. I am confident that my skills and dedication make me an ideal candidate for this position. I hold a bachelor's degree/Diploma of Associate Engineer in Civil Technology from Iqra Technical Skill Council (ITSC), and I am a licensed professional surveyor with over ten years of experience.

In my previous role as a Surveyor at UCC Infraroad, Qatar, Consolidated Contractor Company Metro Project (Riyadh SA) Al Jaber Energy Services (UAE) Companies, I successfully managed projects, including land development, boundary surveys, topographic mapping, construction staking, and ALTA/NSPS surveys. I have a proven ability to complete complex projects on time and within budget while maintaining the highest level of accuracy and quality. My experience also includes coordinating with multidisciplinary teams, ensuring compliance with all applicable regulations, and utilizing state-of-the-art equipment and software to produce accurate and reliable data.

I pride myself on my strong work ethic, attention to detail, and problem-solving abilities, which allow me to identify potential issues early in a project and implement effective solutions. My excellent communication skills, both written and verbal, enable me to work cooperatively with clients, colleagues, and other project stakeholders.

Summaries

Meticulous surveyor with extensive property mapping and field data collection background. Completed land survey work for large scale utility, Railroad and Construction survey projects during previous 11 years and delivered results in challenging environments. Excellent organization and technical skills enabled impressive outcomes. Organized and motivated employee eager to apply time management and organizational skills in various environments. High achieving management professional possessing excellent organizational and analytical capabilities, Devises innovative solutions to resolve business and technology challenges. Eager to advance business goals through careful team management.

Skills

- Precise measurements
- Total station instrumentation
- Property assessments
- Data Management
- Team Management
- Active Listening
- Communication
- Microsoft Office
- Conflict resolution
- Leadership
- Friendly Positive attitude
- People skills
- Reliable and trustworthy
- Problem solving

Professional Background

1) UCC INFRAROAD TRADING & CONTRACTING CO.

Senior Surveyor

20 Sep 2021 to 3 Sep 2022.

Project : Doha Corniche Beautification Project
Client : ASHGHAL
Contractor : UCC & INFRAROAD

Duties & Responsibilities:

- Travelling to sites, when necessary.
- Taking measurements of distances and angles on a property or section of land in order to establish legal boundaries.
- Employing specialized equipment, including distance measuring wheels, GPS, and geographic information system (GIS) devices to measure boundaries and contours.
- Performing mathematical calculations to determine and confirm surveying measurements.
- Marking and delineating boundaries and reference points on a property or section of land.
- Researching and consulting historical maps and surveys, as well as legal documents, relating to the property or section of land they are measuring.
- Analyzing data using plans, maps, charts, and software such as AutoCAD and GIS programs.
- Presenting data to clients and preparing reports detailing legal boundaries and other relevant information.
- Collaborating and working with project managers, construction crews, and government agencies, when necessary.

Instrument used:

Very well familiar with all kinds of latest surveying equipment such as:

- Auto level : Pentax AP128, Sokkia, Leica, Topcon TS 101A
- GPS : Leica, Trimble, Sokia & Geomax
- Total Station : Trimble S5, Leica builder, Leica 403,407, 06, 06plus

2) Consolidated Contractors International Company, Saudi Arab

Junior Surveyor

Nov/15/2015 to 27 Jun 2021

Duties & Responsibilities:

- Conduct surveys on land sites and properties

- Examine previous records and evidence to ensure accuracy of data.
- Research and design methods for survey processes
- Use equipment and tools to accurately measure land features (e.g. longitudes, latitudes)
- Build maps, sketches, and chart.
- Supervise and provide guidance to field staff.
- Purchase and maintain equipment.
- Report on survey results and present findings to clients
- Collaborate with engineers and architects on several projects.

3) Al Jaber Energy Service (CBDC) UAE

Assistant Surveyor

Duties & Responsibilities:

- Communicating with clients to discuss project details and answer questions about surveys.
- Examining parcel maps, plat books, tax records, title abstracts, and other records to determine ownership of land parcels.
- Conducting surveys to identify and map property boundaries including street intersections, lot lines, and other features.
- Maintaining field notes during fieldwork using hand-held computers or paper logs to record data such as time, location, and weather conditions.
- Performing calculations to determine the area of irregularly shaped parcels of land using methods such as meters and bounds or global positioning systems (GPS)
-

COMPUTER SKILL

- Operating Systems : Windows 2003, XP & Vista, Windows 7,8 &10
- Other Packages : Microsoft Office 2007, 2010, 2012 Auto Cad 2011 2D

ACADEMIC HISTORY

- Diploma in Advanced Surveying Using Total Station : 2009-2012
DAE CIVIL 2012 PANJAB BOARD OF TECHNICAL, Board of public examination, PAKISTAN

- Secondary School Leaving Certificate : 2008
