OBJECTIVE

looking for a technical vacancy in one of the leading companies in the communication, networking or IoT sector to improve my technical skills and achieve the company short term and long term goals.

PREVIOUS CAREER EXPERIENCE

NETWORKS ENGINEER IN TRAINING

IBM EGYPT | APR 2018 - JUNE 2018

- Joined IBM teams for networks troubleshooting in different projects all over Cairo.

IT ENGINEER

QUAD SOLUTIONS LLC | FEB 2020 - JAN 2022

- Joined the IT team in the company, identifying and troubleshooting system problems.
- identify and support all necessary improvements to computer systems.
- Complete programming to implement and develop new systems to the company.
- Configure all technical systems within the company.
- Work with the IT team within the company to achieve company goals.
- Document work and create monthly and quarterly reports.

FREELANCE FRONT-END WEB DEVELOPER

JAN 2022 - NOW

- Managed to develop my skills and work as a freelance front end developer serving businesses and organizations in USA & Canada to build & develop software solutions, websites and applications.
