## Work History

### **Diesel Mechanic**

*United Gulf Cement Company, Nairobi, Kenya*

- Conducted preventive maintenance on trucks, trailers, equipment's and vehicles to ensure reliable and safe operations for the company.
- Upheld strict adherence to federal emission standards through rigorous testing procedures and retrofitting older engines as needed.
- Kept accurate records of vehicle repairs and maintenance using computer software and also manually.
- Performing annually inspection and maintenance on trucks, trailers, equipment's and vehicles to ensure they meet the technical inspection standards.
- Contributed to the overall success of the repair shop by consistently maintaining a clean, organized workspace, and participating in ongoing professional development opportunities.
- Developed expertise in diagnosing electrical systems, reducing the need for outsourcing specialized repairs.
- Optimized inventory management by tracking part usage patterns, streamlining ordering processes, and minimizing stock shortages.
- Troubleshoot and diagnosed problems with brakes, steering, and transmissions.

2016-03 - 2020-12

### **Diesel Mechanic**

*United Ready Mix WLL, Nairobi, Kenya*

- Completed checklist of fluid levels, air filter, tire pressure, and more as part of service orders
- Maintained high levels of safety compliance with strict adherence to industry regulations and guidelines.
- Developed expertise in hydraulic systems troubleshooting, increasing overall team proficiency in this specialized area of heavy diesel mechanics.
- Enhanced equipment performance by conducting regular preventive maintenance and inspections.
- Installed and adjusted fuel injection systems and turbochargers to enhance vehicle performance
- Analyzed malfunctioning equipment and determined type of repairs required.

## Automotive Technician

*Kim's Bimma Auto Garage, Nairobi, Kenya*

- Used computerized diagnostic (OBD and EOBD scan tools) to identify mechanical and electrical problems on vehicles.
- Reduced wait times for customers by completing repairs within estimated timeframes and promptly updating service advisors on progress.
- Assisted senior technicians with challenging projects, gaining valuable hands-on experience in various aspects of automotive repair work.
- Supported a positive customer experience by providing thorough explanations of repair plans and answering any questions or concerns clients might have.
- Developed excellent problem-solving skills through consistent exposure to diverse makes and models of vehicles requiring different approaches for diagnosing issues effectively.
- Maximized productivity by efficiently managing assigned tasks, prioritizing based on urgency and complexity of each job.
- Rebuilt BMW and Land Rover Transmission (ZF and GM transmission).
- Inspected and tested vehicles and completed preventive maintenance such as engine tune-ups, oil changes, tire rotations, wheel balancing, and filter replacement.

## Certifications

- First Aid and CPR
- Man Lift Operator: October 2019
- Working at Heights: May 2019
- Air Conditioning Course in February 2024

## Accomplishments

- Actively participated in ongoing training and certification programs, maintaining up-to-date knowledge of industry advancements and emerging technologies to provide cutting-edge solutions to clients.
- Successfully overhauled and restored a fleet of 15 commercial trucks, increasing fuel efficiency by 20% and reducing maintenance costs by 15%.
