## Bachelor of Science in Mechanical Engineering – Maintenance Engineering

### QUALIFICATION SUMMARY

A vibrant, self-assured professional with an affinity of engineering. I'm eager to apply my educational knowledge to support a successful, global organization with exemplary goals. Committed to continuous improvement and being a team player or leader when needed.

### KEY SKILLS

- |                    |                        |                  |
|--------------------|------------------------|------------------|
| ✓ Microsoft Office | ✓ Research             | ✓ English        |
| ✓ CAD Software     | ✓ Statistical Analysis | ✓ Arabic (basic) |
| ✓ Design Analysis  | ✓ Presentation         | ✓ Urdu (fluent)  |

### RELEVANT PROFESSIONAL EXPERIENCE

**Associate Mechanical Engineering**  
Parsons International

**June 13<sup>th</sup> – July 23<sup>rd</sup>**  
Doha, Qatar

- Internship as Associate Engineer: Worked under the guidance of a degreed engineer, handling various engineering support tasks that required a fundamental understanding of design and drafting standards.
- CAD Workstation Utilization: Proficiently used a CAD workstation to create engineering drawings, including arrangements, layouts, flow sheets, assemblies, and isometrics, based on rough sketches and engineering information, following established procedures.
- Compliance and Technical Familiarity: Ensured adherence to codes and company policies by referring to technical manuals and directives. Gained familiarity with different standards and codes relevant to the engineering discipline.
- Data Compilation and Calculations: Gathered data and performed routine calculations necessary for the preparation of drawings, contributing to the overall understanding of equipment, facilities, and systems within the specific engineering discipline.

### COMPLETED PROJECTS

- Successful operation of steam and gas turbines.
- Non-destructive testing & Inspection of welded metal plates.
- Maintenance of pumps (seal & gasket replacement).

### EDUCATION

**Bachelor of Science in Mechanical Engineering – Maintenance Engineering**  
University of Doha for Science and Technology

2024  
Doha, Qatar
