

MD ANAMUL HOQUE

DIPLOMA ARCHITECT

About Me

As a diploma-qualified Architect from Habiganj Polytechnic Institute, class of 2020, I bring a wealth of practical experience to the table. Currently serving as a junior architect at BTESC Consultant since 2021, I have played a pivotal role in the successful execution of nearly 30 projects. My hands-on experience in site work, coupled with my proficiency in industry-leading software like AutoCAD, Sketchup, and 3Ds Max, has sharpened my expertise in construction engineering, making me a valuable asset to any design and construction team.
