## Career Objective

A seasoned professional with over 30 years of hands-on experience in refrigeration, air conditioning, and mechanical operations. I am seeking to leverage my extensive expertise in both technical and supervisory roles within industrial and maritime environments to contribute to a dynamic organization focused on operational excellence.

---

## Technical Qualifications

- **Certificate in Refrigeration and Air Conditioning**  
Pakistan Polytechnic Center, Karachi  
*Year of Completion: [Year]*
  - Acquired comprehensive training in the installation, maintenance, and repair of refrigeration and air conditioning systems.
- **Matriculation**  
Board of Secondary Education, Karachi

---

## Professional Experience

### Tug Boat Engine Mechanic

*Daewoo Engineering and Construction, Western Breakwater (Basra, Iraq)*  
*November 2014 - April 2016*

- Conducted regular maintenance and repairs on tug boat engines, ensuring optimal performance and minimizing downtime.
- Collaborated with the engineering team to troubleshoot mechanical issues and implement solutions to enhance engine efficiency.
- Monitored engine performance, performed diagnostics, and maintained detailed logs of maintenance activities.

### Manager, Container Yard and Gadani Ship Breaking Yard

*M/s "M" International Services (Pvt) Ltd, Karachi, Pakistan*  
*1991 - 2007*

- Managed daily operations of the container yard, overseeing the loading, unloading, and storage of containers.
- Led a team of technicians and laborers in the dismantling and recycling of ships at the Gadani Ship Breaking Yard.
- Ensured compliance with safety regulations and environmental standards, minimizing risks and maintaining a safe working environment.
- Developed and implemented operational procedures that improved efficiency and reduced operational costs.

### **Vacuator Incharge**

*Gulf East Shipping, Sharjah, U.A.E*

*1987 - 1989*

- Supervised vacuator operations aboard ships, managing the discharge of wheat and other bulk cargoes.
- Coordinated with the ship's crew and port authorities to ensure timely and efficient cargo handling.
- Maintained and repaired vacuator equipment, reducing the risk of operational delays.

### **Fork Lift Operator and Diesel Mechanic, Bagging Plant Operator**

*M/S Mercantile and Marine Middle East Ltd., Sharjah, U.A.E*

*1987 - 1989*

- Operated forklifts to move heavy materials within the bagging plant, ensuring safe and efficient handling.
- Performed maintenance and repairs on diesel engines, keeping machinery in optimal working condition.
- Assisted in the operation of the bagging plant, ensuring the accurate and efficient packaging of products.

### **Vacuator Mechanic**

*D.M Marine Workshop, Sharjah, U.A.E*

*1982 - 1987*

- Specialized in the maintenance and repair of vacuators used in marine and industrial applications.
- Conducted routine inspections and preventative maintenance to ensure machinery reliability.
- Collaborated with a team of mechanics to address complex mechanical issues, reducing downtime.

## Refrigeration Air Condition Technician

*Karachi Workshop, Karachi, Pakistan*

*1979 - 1981*

- Installed, maintained, and repaired refrigeration and air conditioning systems in commercial and residential settings.
  - Diagnosed system issues and implemented cost-effective solutions to restore functionality.
  - Provided training and guidance to junior technicians on best practices in system maintenance and repair.
- 

### Skills

- **Refrigeration and Air Conditioning Maintenance:** Expertise in the installation, troubleshooting, and repair of HVAC systems.
  - **Diesel Engine Repair and Maintenance:** Extensive experience in maintaining and repairing diesel engines used in marine and industrial settings.
  - **Mechanical Operations:** Skilled in managing mechanical systems, including vacuators and forklifts, ensuring reliable performance.
  - **Supervisory and Management Experience:** Proven ability to lead teams, manage operations, and ensure compliance with safety and environmental standards.
  - **Maritime Operations:** Knowledgeable in maritime operations, including cargo handling, ship maintenance, and safety protocols.
  - **Problem-Solving:** Strong analytical and troubleshooting skills, with a focus on identifying and resolving mechanical issues quickly and effectively.
- 

### Languages

- **English** (Proficient)
  - **Urdu** (Fluent)
-
