

PROFILE

I am an interior architect with a master's degree in interior architecture and environmental design and more than 10 years of experience designing interiors, exteriors, and landscapes for numerous clients. I am highly professional and focused on meeting customers' needs through my technical and soft skills. In addition, I am proficient in using a variety of design programs, including Lumion, Adobe Photoshop, Adobe Illustrator, AutoCAD, AutoCAD architecture, and SketchUp. My best qualities encompass being innovative, sustainable, and a team player. Moreover, my attention to detail and ability to communicate effectively with clients' have resulted in successful collaborations and highly satisfied customers. Further, I enjoy solving problems, and I find that by applying my soft skills, such as flexibility, adaptability, and self-motivation, I can keep up with the advancement of my job while maintaining a strong drive to see projects through to completion. My diverse skills and passion for excellence will be a valuable addition to any team. I look forward to contributing to projects that go beyond borders and meet expectations, and I am excited to apply my skills and expertise to your establishment.
