PROFIL

As a passionate and creative Junior Interior Designer, I bring fresh perspectives and a keen eye for detail to every project. My experience includes working on diverse design projects, from residential spaces to commercial environments, where I have developed strong skills in space planning, color theory, and materials selection. I am proficient in design software such as AutoCAD, SketchUp, and Lumion, and am eager to contribute innovative ideas and collaborate within a dynamic design team to create functional, aesthetically pleasing interiors.
