## Skills

### 3D Modeling

### 3D Architectural Rendering

### SketchUp

### AutoCAD Architecture

### Leadership

### Production Management Command

### Production Activity Control

## EDUCATION

Architectural Engineering  
University of Palestine  
▪ Bachelor Degree

06/2017 – 09/2021

## EXPERIENCE

Technical Designer  
Qatar Glass Industries

11/2022 - Present

- Prepare detailed technical drawings, plans, and diagrams using computer-aided design (CAD) software based on sketches, specifications, and design requirements.
- Review drawings for accuracy, completeness, and compliance with standards, regulations, and project specifications, making revisions as necessary.
- Coordinate drafting activities with engineers, architects, and other stakeholders to ensure alignment with project goals and objectives.
- Ensure drawings adhere to industry standards, building codes, and regulatory requirements, maintaining consistency and accuracy across all deliverables.
- Perform quality checks on drafts, identifying errors, inconsistencies, and discrepancies, and implementing corrective measures to maintain high-quality standards.

Production Manager  
Qatar Stainless Steel

05/2022 - 11/2022

- Review processing schedules or production orders to decide on inventory, personnel, work methods, or duty assignments while keeping in mind budget and time constraints.
- Examine manufacturing and processing issues with technical or administrative workers.
- Coordinate or recommend facility or equipment upkeep, modification, or replacement.
- Analyze production, quality control, maintenance, or other operational reports to detect production issues.

Designer  
Qatar Stainless Steel

11/2021 - 05/2022

- Fabricated designs, concepts, and sample layouts based on knowledge of layout principles and eye-catching design concepts.
- Consulted with clients and supervisors on rough sketches, making revisions as needed.
- Verified that the completed graphics and layouts are both aesthetically pleasing and consistent with the brand.
- Made sure that each graphic has the right colors and layouts.
