Summary

I went to primary school in Istiklal Primary School in Lüleburgaz. After my father worked at the 11th Branch Office in Lüleburgaz and retired in 1992, we returned to my hometown, Pazar district of Rize with my father and mother. I went to secondary school in Aktepe Primary Regional School in my village. I graduated from Mimar Sinan E.M.L., Electronics Department in the center of Rize. After high school, I went to a private school for one year. Then I started Rize Vocational School, which was previously affiliated with Karadeniz Technical University. Due to some personal reasons, I had to leave the university in the second semester of my first year. After that, I worked at Beko Electronics Service for almost 1 year, Vestel Electronics Service and Digiturk Y.T.S. for a total of nearly 2.5 years. After that, I did my military service in Hakkiri / Çukurca between February 2008 and April 2010. After completing my military service, I worked as a Quality Control Operator at Trakya Döküm A.Ş. in Lüleburgaz for 1 year and 2 months. When the general amnesty was declared at universities, I left the job and returned to the university in 2011. I successfully graduated from Recep Tayyip Erdoğan University in 2013.
