WORK EXPERIENCE

INSTASHOP Delivery Company

2021-2023

SALEMEN/DRIVER

- Sesmen often need to identify and cultivate potential customers or clients. This involves researching potential leads, networking, and reaching out to prospects through various channels.
- Building Relationships: Salesmen are responsible for building and maintaining relationships with customers. This involves understanding customer needs, providing information about products or services, and addressing any concerns or objections they may have.

2019-2021

TALABAT FOOD DELIVERY COMPANY

DELIVERY RIDER

- imely Delivery:** Delivery riders are responsible for ensuring that packages, orders, or goods are delivered to customers or designated locations within the agreed-upon time frame. Timeliness is crucial for customer satisfaction and business reputation.
- Safe Transportation:** Delivery riders must prioritize safety while on the road. This includes obeying traffic laws, wearing appropriate safety gear such as helmets and reflective clothing, and adhering to company policies regarding safe driving practices.
- Package Integrity:** Delivery riders are accountable for maintaining the integrity of the packages or goods they transport. This involves handling packages with care to prevent damage or breakage during transit.
