SelfProfile

Quick learner and high grasping power, I am imaginative and like to take new challenges. I am at ease with working in group and environment rich in teamsplit. Mechanically, I like to see things through from start to finish. Meeting new people and listening to views of others patiently, I can adjust in all kinds of working environments with ease.

Objective

To obtain a position to utilize my skill, to enhance my knowledge and willingness to learn in making an organization successful.
