Home: Ali Town, Near DHA Phase-II, Islamabad, 46000 Islamabad (Pakistan)

ABOUT ME

As an experienced, self-driven electrical technician, I have 4 years of providing high-quality industrial installations, diagnosis and repairs. I am deeply committed to ensuring project quality, adhering to safety standards, and collaborating effectively as part of a team.

With extensive knowledge of electrical system installation, operation, and maintenance, I prioritize safety and efficiency to consistently complete projects on schedule. I am adept at following directions and learning new skills quickly. Additionally, I am passionate about training and working alongside other skilled professionals.

WORK EXPERIENCE

Electrical Technician

National Engineering and Scientific Commission, Pakistan [19/04/2021 – Current]

City: Islamabad | **Country:** Pakistan

I oversee the entire lifecycle of electrical infrastructure as an electrical technician, from setting up and commissioning new machinery to running and maintaining a wide variety of electrical systems. These include of HVAC and chiller system, diesel generators, overhead cranes, HV & LV switchgear, LV & HV motors, transformers, motorized shutter gates, temperature controls, building appliances, fire alarm systems and various other safety devices. I produce detailed 2D and 3D drawings, electrical installation plans (including single line diagrams, lighting, building electrification, earthing, and lightning protection plans), and make modifications to existing plans/drawings during the execution phase as needed to meet site requirements.

Associate Power Technician

ASK Development for PTCL(Pakistan Telecommunication Company Limited) [17/02/2020 – 16/04/2021]

City: Gujrat | **Country:** Pakistan | **Business or sector:** Information and communication

As an Associate Power Technician, my responsibility was to maintain the power supply and distribution system/equipment including batteries, rectifiers, diesel generators, transformers, switch gears and other safety devices. We planned preventative maintenance procedures, troubleshooting, and fault rectification in the electrical system in order to meet the requirement of continuous supply of electricity.

EDUCATION AND TRAINING

High School Diploma of Associate Engineering in Electrical Technology

Punjab Board of Technical Education Lahore, Pakistan [01/07/2016 – 10/09/2019]

City: Gujrat | **Country:** Pakistan | **Website:** www.pbte.edu.pk | **Field(s) of study:** Electrical Engineering | **Final grade:** A+

Secondary School Education

Board of intermediate and Secondary Education Gujranwala, Pakistan [01/04/2014 – 01/06/2016]

City: Gujrat | **Country:** Pakistan | **Website:** www.bisegrw.edu.pk | **Field(s) of study:** Computer Science | **Final grade:** A

LANGUAGE SKILLS

Mother tongue(s): Punjabi | Urdu

Other language(s):

English

LISTENING B2 **READING** B2 **WRITING** B2

SPOKEN PRODUCTION B1 **SPOKEN INTERACTION** B1

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

DIGITAL SKILLS

Communication and interpersonal / AutoCAD: Intermediate / Sketchup 3D sketching software / Microsoft Office (Word , Excel and Power Point) / Very proficient computer user

Skill Set

Team-work oriented / Car driving license / Electrical Drawings / Transformers, Generator, Motor & pump / Site Installation of Panels / Fast learning ability and initiative / Repair of electrical installations

CERTIFICATION COURSES

[01/06/2017]

MS Office (Word) 2013

[19/08/2019 – 24/08/2019]

Civil Defence Basic General Training Course

[22/02/2022 – 25/02/2022]

Diesel Generator Operation and Maintenance Training
