INTERESTS

OBJECTIVE

As an Architectural Technologist, supported Project Architect / Senior Staff with project delivery including preparation of contract drawings, specifications, schedules, and detail development from hand sketches. I also assist in the development of project proposals and feasibility studies, kept within financial budgets and deadlines, and created detailed drawings showing dimensions, materials, and construction details.

EXPERIENCE

NBC Engineering Consultant, Architect, Kuwait.

02-2023 - 01-2024

Architectural draftsman.

- Drafted and designed architectural plans and prepared project specifications.
- Designed elevation views, wall section details, building section details, schedules, and typical drawing details.
- Prepared shop drawings.
- Reviewed plans to comply with building code.
- Attended clients meetings for scope of work.
- Drafted and designed structural and civil construction plans.
- Coordinated with MEP engineers, civil engineers, and structural engineers.
- Measured and inspected site work during construction phase and revised architectural plans as needed.

Ciibex Group Limited, Abuja Nigeria.

11-2021 - 11-2022

Architecture Technology.

- Prepared 3D models and renderings to illustrate design concepts, and ensured compliance with applicable building codes and regulations.
- Researched materials, methods, and regulations to determine their feasibility for projects.
- Developed design concepts and presented them to clients.
- Consulted with clients to determine project requirements and objectives.
- Ensured compliance with applicable building codes and regulations, evaluated and recommended design alternatives.
- Ran a project from conception to completion, where necessary identifying project and/or commercial risks and opportunities to the Project Manager or Lead Architect.

I'm with my NOC and ready to transfer my RESIDENCY anytime.

Tezza Business Solutions LLC, Lagos Nigeria.

11-2020 - 10-2021

Architecture technology.

■Responsible for performing site inspections of facilities under construction or renovation to verify conformance with approved plans and specifications and provided feedback regarding any deviations from the original plan.

■Responsible for reviewing building materials, systems, equipment, and finishes to ensure that they meet applicable codes and standards prior to installation or use in a facility.

■Responsible for developing procedures for evaluating the safety of structures during all phases of their life cycle (planning, design, construction).

■Responsible for creating 3D models of buildings using AutoCAD and Revit software, which were then used to create construction documents.

EDUCATION

National Youth Service Corps (NYSC).

2020

Discharge certificate.

Federal Polytechnic Ofa Nigeria.

2014-2019

Bachelor degree in Architectural Technology.

Mahin comprehensive high school, Ode Mahin, Ondo State Nigeria.
