## OBJECTIVE

Detail-oriented and innovative **Revit Architecture BIM Modeler** with 6 of experience in Building Information Modeling, architectural design, and project collaboration. Seeking to contribute expertise in Revit, BIM workflows, and visualization to deliver high-quality design solutions for architectural projects.

---

## KEY SKILLS

- **Revit Architecture**: 3D Modeling, family creation, parametric design, and clash detection.

- **BIM Management**: Coordination, standards compliance, and data extraction.

- **Software Proficiency**: Revit / MEP/ AutoCAD, /SketchUp/ Navisworks

- **Technical Expertise**: Construction documentation, rendering, and detailing.

- **Collaboration**: Cross-disciplinary coordination and stakeholder communication.

## PROFESSIONAL EXPERIENCE
**BIM Modeler | HILLPOINT – ENHANCING INTERIORS AND ACOUSTICS**
**DOHA-QATAR | START DATE- MAY _2021**
**JOB RESPONSIBILITIES:**

- **Model Creation**: Develop and refine detailed 3D models of architectural designs, including buildinglayout, façade, interiors, and site plans. (LOD- 100, 200, & 350)

- **Design Integration**: Ensure that the architectural model integrates seamlessly with other models,such as structural, mechanical, and electrical systems, to create a cohesive overall design.

- **Collaboration**: Work closely with clients, engineers, and contractors to incorporate feedback andensure that the design meets all requirements and constraints.

- **Coordination**: Manage and coordinate the BIM process across different disciplines to avoid clashesand ensure all systems are well-integrated

- Maintained comprehensive documentation of model changes, updates, and revisions throughout the project.

- Followed company/project BIM standards, templates, and best practices.

- Developed construction drawings and extracted information based on external needs.

**PROFESSIONAL TECH CONTRACTING AND ID SERVICE (2017-2020)**
**REVIT DESIGNER FOR INTERIOR DESIGN**
**DOHA-QATAR | START DATE- MAY _2018 |END DATE_2020**
**JOB RESPONSIBILITIES:**

- Developed a 3D model for a specific design discipline.
- Developed and maintained Revit models for architectural and multi-disciplinary projects, ensuring adherence to client standards and BIM execution plans.
- Coordinated with architects, engineers, and contractors to resolve design conflicts through clash detection in Navisworks.
- Generated high-quality construction documentation, including floor plans, sections, and 3D visualizations.
- Generated 2D drawings, plans, sections, and elevations from the 3D BIM models for construction documentation and coordination purposes.
- Coordinated design documentation as a methodology with full utilization of BIM software and tools.
- Developed Revit models as assigned by your leader, or Project Manager.
