## EDUCATION

### Fsc pre –engineering

Super Wings College

### Diploma AutoCAD

National Logistics Cell (NLC)

## SKILLS

- Highly experienced in preparing AutoCAD drafting for construction projects
- Good knowledge of construction and design principles
- Rough sketch and interpreted specifications to develop 2D and 3D drafts
- Ability to prepare architectural documents

## PROFILE SUMMARY

I am an AutoCAD expert with experience in creating 2D and 3D designs for various industries such as architecture and engineering. I have a strong understanding of AutoCAD tools and features, and I am able to create precise and detailed drawings and models. I am proficient in using AutoCAD to annotate drawings, create hatches, and add dimensions and text. I also have experience in collaborating with team members and managing drawing data. I am constantly exploring new ways to improve productivity and stay up to date with the latest AutoCAD updates and trends. My experience as an AutoCAD Draftsman in residential/architectural environments and the steel industry broadened my knowledge and enhanced my skills in creating and modifying 2D and 3D drawings & using the latest technologies as well as manual drafting. I am eager to learn and further my proficiencies by constantly improving my work and accepting all kinds of assignments handed out to me. With this said, I am confident that I can measure up to the expectation of the company.
