

NIHAL SHAIKH

ARCHITECTURAL DESIGNER PROJECT COORDINATOR

Profile

I am a motivated individual with a positive attitude, self-confidence, and a quick learning ability. I approach every task with wholehearted dedication, striving for excellence in all that I do. I pride myself on being work-oriented, equipped with intellectual knowledge, sociability, and the adaptability to perform well in any environment.

Over the past nine years, I have consistently taken projects from concept to completion with every employer. I possess strong drawing and presentation skills and have in-depth knowledge across all key areas of Architectural Design.

As a collaborative team player, I excel in fast-paced environments with tight deadlines. I am adept at creating exceptional individual conceptual designs and possess excellent communication skills, making me confident and comfortable in liaising directly with clients.
