Drawing Software

- Revit Architecture
- AutoCAD 2D & 3D
- 3D visualizer (Basic)
- Twinmotion / Lumion (medium)
- Photoshop (Basic)
- 3D Max (Basic)
- SketchUp (Learning)
- BIM Coordination

Skills & Software

- Time management
- Problem Solving
- Self-Learning
- Microsoft Office Suite
- ChatGPT
- E-Commerce
- Blockchain Technology

Languages

- English
- Tamil

Sports Activities

- Football
- Cricket
- Running

Personal Profile

Motivated Revit Architectural Designer & AutoCAD Operator, skilled in Revit and Building Information Modelling (BIM). Seeking an entry-level position to contribute to innovative design project, while further developing technical and professional skills.

Work Experience

Revit Architectural Designer / AutoCAD Operator

HSSK Engineering - Sri Lanka (July 2022 to June 2024)

- Assisted in the creation of architectural drawings and the models.
- Participated in design meetings and collaborated with architects on various projects.
- Designed residential and commercial projects.
- 3D Exterior walkthroughs animation (architectural building & interior design for home)
- Cornish 3D modelling (Door, Window, Exterior wall)
- Mashrabiya Exterior wall 3D modeling

Duties and Responsibilities

- Developed and maintained detailed 2D and 3D revit models including floor plans, staircase & handrail, RCP, door details, sections, wet area, elevations etc.
- Collaborated with architects and design teams to translate design concepts into accurate Revit models, ensuring design intent is preserved.
- Worked with engineers and other disciplines to ensure all aspects of the design are integrated and coordinated, minimizing conflicts.
- Conducted clash detection analyses to identify and resolve conflicts between architectural & structural.
- Implemented changes based on client feedback or project developments by keeping the model documentation up to date with accuracy and compliance with local codes and regulations.
- Prepared shop drawings and AS-Build drawings as per site conditions.
- Created renderings and visualizations to communicate design ideas effectively to clients and stakeholders.
- Prepared and maintained technical documents, including specifications, bills of materials, and reports for procurement.
- Specially focused on precision, clarity, and the integration of architectural elements of kitchen, ceiling & furniture drawing.

Professional Qualification

- Diploma in Revit Architecture (Cadd Centre (Pvt) Ltd - Sri Lanka)
- Diploma in AutoCAD 2D & 3D (Cadd Centre (Pvt) Ltd - Sri Lanka)
- Safety Officer - IOSH (Safetek Global (Pvt) Ltd - Sri Lanka)
- Diploma in English (ESoft Metro Campus - Sri Lanka)
- Diploma in Web Engineering (ESoft Metro Campus - Sri Lanka)
- Certificate in Graphic Designing (College of Computer Study - Sri Lanka)
