

HABIB UR REHMAN

ARCHITECT

ABOUT ME

As a seasoned Designer with over 5 years of experience in delivering architectural projects including both residential and commercial projects from schematics stage through to planning and 3d. Having good command on interiors as well. I am committed and passionate about my work to deliver a good solution for a problem which satisfies the end user. Seeking a challenging role in a reputable Architectural Firm where I can utilize my skills to contribute to the organization's success while advancing my career as an Architect.
