MORE DETAILS

Address: S/O Mr. Rudal Singh,
Village + Post - Shikarpur Chapra,
Via – Sonapur, District – Saran, PIN
Code – 841101.

Passport No. : Z7088082 EXP-
26-01-2033.

U.A.E D/L No. : 3818526 (Manual)

MACHINES KNOWN

- Heavy Machine Fittings
- Drilling Machine
- Power Hacksaw
- Lathe Turning
- Shearing Machine
- Power Press Break Machine
- Portable Plasma Machine
- CNC Punching
- CNC Laser Cutting
- Mechanical Press
- Hydraulic Pumps
- Control Valves
- Cylinders
- Pneumatic System
- Gearbox
- Hydraulic Jack
- Spray Paint Booth
- Blower

OBJECTIVE

With over a decade of experience in Plant & Machinery Maintenance, I have established myself as a proficient Ser. Maintenance Technician, currently contributing my skills to FAST SOLUTION TRADING & CONTRACTING W.L.L in Qatar. My expertise spans the effective management of maintenance operations for various machines and equipment, with a proven track record of reducing downtime and enhancing overall operational efficiency. Proficient in strategic planning for optimal manpower and machinery utilization, I bring a wealth of technical knowledge, encompassing conventional machines, welding techniques, PLC systems, and more. My educational background in Mechanical Engineering, complemented by specialized training in CNC and AutoCAD, has equipped me with a solid foundation. Having previously excelled in roles at SFFECO GLOBAL F.Z.E Dubai and TATA Motors Ltd., I am now seeking new challenges in middle-level Plant & Machinery Maintenance assignments with organizations of high repute.

EXPERIENCE

1. Fast Solution Trading & Contracting W.L.L (Qatar)

Ser. Maintenance Technician

May '23 - Present

2. SFFECO GLOBAL F.Z.E Dubai

Ser. Maintenance Technician

Feb '17 - Nov '20

3. Naol Contracting Est. Saudi Arabia

Ser. Maintenance Technician

Oct '15 - Oct '16

5. SICA Plastic Machinery, Mumbai

Maintenance Technician

Jul '11 - Aug '15

6. TATA Motors Ltd., Jamshedpur

Maintenance Technician

Jun '10 - Jun '11

7. Bharat Construction, Muzaffarpur

Designer

Aug '09 - May '10

Responsibilities:

- Perform Routine Maintenance: Conduct regular inspections and execute routine maintenance tasks on a variety of machinery and equipment.
- Troubleshoot Issues: Utilize troubleshooting tools and techniques to identify and resolve mechanical, electrical, or operational issues promptly.
- Implement Preventive Maintenance: Develop and execute preventive maintenance plans to minimize downtime and extend the lifespan of equipment.
- Repair Mechanical Breakdowns: Diagnose and repair mechanical breakdowns, ensuring the efficient operation of machinery.
- Maintain Hydraulic Systems: Oversee the maintenance of hydraulic systems, including pumps, valves, and cylinders.
- Manage Pneumatic Systems: Troubleshoot and repair pneumatic systems to ensure optimal functionality.
- Handle CNC Machinery: Conduct maintenance on CNC machines, including punching, laser cutting, and other specialized equipment.
- Maintain Control Valves: Oversee the upkeep and repair of control valves to regulate the flow of fluids in machinery.
- Execute Welding Machine Maintenance: Perform maintenance on welding machines, including ARC, MIG, and TIG welders.
- Monitor Electrical Panels: Ensure the functionality of electrical panels, addressing and resolving electrical issues as needed.
- Document Maintenance Activities: Maintain comprehensive documentation of maintenance activities, including repairs, inspections, and preventive maintenance tasks.

- All Types of Hand Tools
- ARC Welding Machine
- MIG Welding Machine
- TIG Welding Machine
- PLC (Programmable Logic Controller)
- Automatic Door Systems
- Air Conditioning (A.C)
- Cooler Maintenance
- Plumbing Systems
- High Bay LED Light
- Electrical Panel Maintenance
- PCB Board Maintenance

SKILLS

- Preventive Maintenance
- Troubleshooting
- Hydraulic Systems Maintenance
- Pneumatic Systems Maintenance
- CNC Machine Maintenance
- Control Valve Maintenance
- Welding Machine Maintenance (ARC, MIG, TIG)
- Electrical Panel Maintenance
- Project Planning
- Maintenance Documentation
- Safety Compliance
- Technical Document Review
- Team Supervision
- Production Operations
- Machinery Utilization

IT SKILLS

- Internet
- MS – Office (Word & Excel) Applications
- AutoCAD.

- Collaborate on Project Planning: Work closely with engineering and production teams to plan and execute maintenance activities in alignment with project timelines.
- Ensure Safety Compliance: Adhere to safety protocols and guidelines during all maintenance activities, promoting a safe working environment.
- Review Technical Documents: Stay updated on technical documentation and industry best practices, applying relevant information to enhance maintenance processes.
- Train and Supervise Workers: Provide training to maintenance staff, supervise their activities, and ensure the team operates efficiently.

EDUCATION

- **Diploma in Engineering in Mechanical (2010-2012)**
C.M.J University
Percentage: 63.81%
- **Industrial Training Institute (I.T.I) Fitter (2007-2009)**
Bihar I.T.C, Hajipur (Vaishali)
Percentage: 85.6%
- **CNC Turning Programme Training**
IDTR (Indo Danish Tool room), Jamshedpur (2011)
- **AutoCAD Software Training Designing in Mould & Machine Design**
C.I.P.E.T., Hajipur (2009)
- **One-year Apprentice in TATA Motors Ltd. August 2009 to May 2010**

P. R. College, Sonapur, Saran, B.I.E.C., Patna (2004)
Percentage: 54%
- **High School**
Institution: A. Y. High School, Baruan, Saran, B.S.E.B., Patna (2002)
Percentage: 68%

Dear Hiring Manager

I am writing to express my interest to join your company. With over a decade of experience as a Maintenance Technician, I bring a robust skill set and a proven track record in maintaining a diverse range of machinery and equipment.

In my current role at FAST SOLUTION TRADING & CONTRACTING W.L.L in Qatar, I have successfully executed preventive maintenance, troubleshooting, and repairs on various machines, including CNC punching and laser cutting equipment. My proficiency extends to conventional machines such as hydraulic pumps, control valves, pneumatic systems, and more. I have consistently contributed to reducing downtime and enhancing operational efficiency through strategic maintenance planning.

During my tenure at SFFECO GLOBAL F.Z.E Dubai and Naol Contracting Est. Saudi Arabia, I honed my skills in managing maintenance operations, ensuring the functionality of mechanical presses, spray paint booths, and other critical systems. I am well-versed in documentation processes, safety compliance, and collaborating with cross-functional teams to achieve project goals.

My educational background in Mechanical Engineering, complemented by specialized training in CNC and AutoCAD, provides me with a solid foundation for addressing complex technical challenges. I am adept at reviewing technical documents, staying updated on industry trends, and implementing best practices for machinery maintenance.

I am confident that my skills, experience, and dedication make me a strong candidate for the Maintenance Technician position at your company. I am eager to contribute my expertise to your team and help ensure the seamless operation of your machinery and equipment.

Thank you for considering my application. I look forward to the opportunity to discuss how my skills align with the needs of your company. Please find my resume attached for your review.

Sincerely

Shashi Ranjan Kumar Gautam
