PROFESSIONAL SUMMARY

Detail-oriented and creative **Architect & Interior Designer** with over **3 years of experience** in planning, designing, and visualizing construction projects across multiple sectors. Currently a **Consulting Architect at Enertech Safety Training Centre**, leading architectural solutions and interior fit-outs. Skilled in **various design**, currently working on projects for **DECC (Doha Exhibition & Convention Centre)** and **QBEC (Qatar Business Events Corporation)** ensuring compliance with safety and regulatory standards. Adept at **space planning, interior detailing, and project coordination**, with a strong background in architectural visualization and software management. Proficient in **AutoCAD, SketchUp, Lumion, Photoshop, and Illustrator**, with a strong ability to manage projects from **concept to completion**, ensuring client satisfaction and high-quality deliverables. Strong communication, project management, and team collaboration skills. Passionate about delivering **creative, functional, and aesthetic designs** that enhance user experience and project efficiency.

KEY SKILLS & COMPETENCE

- Architectural & Interior Design
- Space Planning & Concept Development
- 3D Visualization & Rendering
- Fit-Out & Renovation Projects
- Evacuation Map Design & Safety planning
- Project Coordination & Management
- Material Selection & Procurement
- Budgeting & Cost Estimation
- Client Consultation & Presentation
- Technical Expertise and Communication
- Regulatory & Compliance Knowledge
- People Leadership and creative Thinking

SOFTWARE & TECHNICAL SKILLS

- AutoCAD
- Sketchup
- Lumion
- Adobe Photoshop
- Adobe Illustrator
- Autodesk Flow design
- Autodesk Sketchbook
- Microsoft Office (Excel, Word, PowerPoint, SharePoint)
- Matto board
- Digital Art
- Crafting
- Hand Drafting, Rendering
- Model Making
- Calligraphy
- Sketching and Art

EXPERIENCE

Consulting Architect | Enertech Safety Training Center, Qatar

2022 – Present

- Responsible for the complete design and planning of their upcoming new safety center in Turkmenistan. Envisioned a completely feasible and efficient facility with a strong suit of safety.
- Oversaw project scope, timelines, and budget, resulting in the successful launch of the new infrastructure and improved site reliability metrics
- Designed and implemented multiple renovation works within the facility, increasing the value to the existing structures
- Designed and implemented **evacuation maps** for **DECC and QBEC**, improving emergency preparedness and regulatory adherence.
- Conducted feasibility studies, developed conceptual designs, and oversaw project execution.
- Coordinated with cross-functional teams, including engineers, designers, and contractors, to ensure seamless project delivery.

Freelance Software Trainer |

2019 – 2021

Private Tutoring & College Workshops

- Conducted private software training sessions and college workshops on AutoCAD, Lumion, Photoshop, and SketchUp to students and professionals.
- Developed structured training modules to enhance student understanding to suit individual learning paces and project requirements.
- Trained students and junior designers in 3D visualization, rendering techniques, and architectural software tools.

Junior Architect & Design Mentor |

2021 – 2022

Green Canopy Innovations, India

- Assisted in the design and planning of commercial and residential projects, coordinating client requirements with project feasibility.
- Assisted in interior design projects, including furniture selection, lighting, and material choices.
- Conducted design mentorship programs for junior students, providing guidance on architectural concepts, visualization, and technical drafting.
- Coordinated meetings with stakeholders and vendors to streamline design execution.
- Managed project documentation, site visits, and liaised with vendors and suppliers.
- Supported architectural documentation, compliance assessments, and site planning to ensure project efficiency.

EDUCATION

- Bachelor of Architecture – NRM School of Architecture, CUSAT
 - Diploma in Interior Design – Alison & Courseflix (CPD Accreditation)
-

CERTIFICATIONS & PARTICIPATION

- Zonal NASA Conventions (2018 – 2019) – National Association of Students of Architecture
 - Tatva Architectural Tech Fest (2018 – 2019) – Technical Paper & Design Competitions
 - Heritage Documentation (Palayam, Trivandrum) – Urban Analysis & Research
 - Dissertation: Emergency Architecture - Portable Field Hospitals
 - Urban Study on the Coastal Region of Kollam
-
