Profiles	<div><div></div><div>fr4t3llo</div></div>		<div><div></div><div>saifeddine kasmi</div></div>	
Summary	I'm Saifeddine KASMI, a student at 1337 coding school, dedicated to creating an excellent and collaborative work environment with the team while also sharing knowledge. My methodical learning approach blends seamlessly with my strong organizational skills. Alongside my dedication to learning, I have hands-on experience in mobile app development and UI/UX design. My commitment to personal and professional growth, combined with my teamwork abilities, makes me a valuable asset for any project.			
Experience	AtlasAi		Decembre 2023 - June 2024	
	Mobile Developer		Remote - Canada	
	During my internship at AtlasAi company, I developed two mobile applications. REPaiR for solving broken items using AI and StoryWonder for generating personalized bedtime stories with child characters.			
	Google Play Store		2023 - Present	
	Freelancer			
	I have experience in developing cross-platform apps for Android and iOS using Flutter, and uploading these apps to the Google Play Store after completing thorough testing as required by Google.			
	Fiverr		2018 – Present	
	Freelancer			
	Working graphic designer as freelancer for websites with adobe photoshop, adobe illustrator and figma.			
Education	1337 coding school		Aout 2021 - present	
	Khouribga		Software Engineer	
	During my time at 1337 Coding School, I have significantly developed my skills and gained knowledge in various areas, including networking, low-level programming (C and C++), Docker, web development, mobile development, and algorithms.			
	ISGI		2019 - 2021	
	Khouribga		Specialized Technician in Computer Development	
	I studied for 2 years in Computer Development, focusing on languages and technologies such as C, HTML, CSS, JavaScript, jQuery, and .NET.			
	Ibn Tofail		2018	
	Oued Zem		bachelor's degree	
Projects	<div>Wallpaperify</div> <div>wallpaper app</div> <div><div></div><div>https://bit.ly/4g1MPIK</div></div> <div>I developed this app to search for wallpapers and download them locally using the Pexels API.</div>			
Volunteering	MNPC Moroccan National Programming Contest			2022
	Volunteer			Khouribga
