### PROFILE

Economist with a Master's degree in Economics from Eastern Mediterranean University (EMU), Cyprus, and experience in financial analysis, economic research, and strategic planning. Skilled in data collection, statistical analysis (Stata, E-Views), and report preparation. Strong understanding of accounting, management, and financial risk assessment. Fluent in Arabic (native) and English, with intermediate-level Turkish proficiency. Experienced in working with international organizations through roles in Dustur Ry (Finland), FATEN, and Jawwal (Palestine). Additionally, worked as a private economics tutor for two years, providing academic support in economic theories, quantitative methods, and data analysis.

### WORK EXPERIENCE

#### Dustur Ry, Finland

2023 - PRESENT

Financial Advisor/Ambassador

- Provided financial guidance and strategic planning to optimize budgeting, resource management, and compliance.
- Assisted in grant management, risk assessment, and fundraising strategies to support organizational growth and transparency.

#### FATEN, Palestine

2021- 2022

Internship – Financial Analyst

- Analyzed financial reports and funding proposals to ensure compliance and sustainability.
- Assisted in loan evaluations and risk assessment for microfinance projects.

#### Jawwal, Palestine

2020- 2021

Internship – Business & Financial Operations

- Assisted in financial and operational data analysis to improve business efficiency.
- Supported management teams in strategic decision-making and reporting.
