1. Most often, measures of fitness involve these key areas, Aerobic fitness, which involves how well the heart uses oxygen. Muscle strength and endurance, which involve how hard and long muscles can work. Flexibility, which is how able joints are to move through their full range of motion. 2. I learned to adapt to new environments and to think on my feet. Furthermore, traveling has also been a great way for me to disconnect from my daily routine and to relax and recharge. It has helped me to find a renewed sense of energy and motivation to tackle the challenges of everyday life
