PROFESSIONAL SUMMARY

Experienced architect with 10 years of experience in project supervision, technical coordination, and construction management. Specialized in architectural design, site monitoring, and process optimization. Seeking to contribute to innovative projects and advance towards a Project Director role.

WORK EXPERIENCE

EPE RAIL ELECTR SPA (subsidiary of SNTF – National Railway Transport Company of Algeria)

Project Director | (Nov 2023 – Dec 2024)

- Led coordination with project managers and technical teams, overseeing project schedules across multiple sites in Southern Algeria.
- Oversaw contracts signed with ENSP SPA – SONATRACH, ensuring successful execution of key projects:
- Construction of 48 studios at the ENSP residential base in Hassi R'mel.
- Supervised the construction of 96 studios in Hassi Messaoud.
- Directed the completion of 48 studios in Orhoud.
- Managed the construction of a perimeter wall, security post, and outdoor lighting at the ENSP work base in TFT.

Project Manager | (Oct 2023 – Dec 2023)

- Supervised the construction of a PVT laboratory and a security post for ENSP SONATRACH in Hassi Messaoud.
- Ensured compliance with construction standards and deadlines.

Senior Inspector | (Dec 2022 – Jan 2023 & Jul 2023 – Oct 2023)

- Conducted regular site visits to ensure quality control and compliance with construction standards.
- Verified completed work against approved plans and specifications.
- Supervised construction quality and ensured adherence to safety regulations.
- Managed inspections at key sites, including the 48 studios at the ENSP residential base in Hassi R'mel.

Project Manager | (Jan 2023 – May 2023)

- Supervised the construction of self-supporting steel hangars in a logistics base near the Southern borders of Algeria, in Debdeb, Illizi.
- Coordinated with technical teams to ensure the proper execution of rebar works and concrete foundations.
- Managed on-site activities, ensuring compliance with safety and quality standards.
- Oversaw the assembly of steel structures, addressing challenges related to strong winds and logistics.
- Collaborated with subcontractors and suppliers to optimize workflow and material supply.
- Ensured compliance with health, safety, and environmental (HSE) measures to prevent workplace accidents.

SARL AMAN STROY (An Algerian-Russian construction company specializing in the rehabilitation of old building)

Project Director Architect | (Dec 2018 – Dec 2019)

- Directed the rehabilitation of large-scale Bus Station built in 1980, ensuring structural restoration and modernization.
- Supervised and coordinated with Russian and local workers, to execute complex renovation works.

- Oversaw planning, budgeting, and execution to ensure timely delivery and compliance with safety and quality standards.
- Managed communication between stakeholders, contractors, and technical teams to optimize workflow.

Technical Coordinator Architect | (Mar 2017 – Dec 2018)

- Supervised the façade plastering project for G+18 Residential tower of 98 promotional housing units.
- Managed a team of 40 Russian façade specialists, ensuring the application of an innovative polystyrene sheet fixing technique to correct surface defects.
- Coordinated with an interpreter to facilitate communication between the team and project stakeholders.
- Ensured compliance with safety and project timelines.

SARL TVHB (A construction company in public works, hydraulic projects, and real estate development)

Architect and Project Supervisor | (Aug 2014 – Jan 2017)

- Coordination and supervision of construction projects of 664 LSP (Social participatory housing units) in Réghaïa, Algiers.
- Coordination and supervision of construction projects of 120 promotional housing units in Boudouaou, Boumerdès.
- Advised clients on apartment layouts and design advantages.
- Coordinated between the technical team and clients to ensure clear communication and satisfaction.

A.U.A HANANE ABDERRAHIM (Urban and Architectural Design Studio)

Intern Architect | (Nov 2012 – May 2014)

- Assisted in architectural design and site supervision.
