

PERSONAL DETAILS

Mobile No : +974 30701442
Email ID : shoukkathali592@gmail.com
Address : Doha, Qatar.
Nationality : Indian
D.O.B : 12th August 2001
Gender : Male

LANGUAGES KNOWN

- ENGLISH
- HINDI
- MALAYALAM

KEY SKILLS

HIGH VOLTAGE	TESTING EQUIPMENT
PROBLEM SOLVING	CONTROL SYSTEM
INSTALLATION	MAINTANACE
PROFICIENT IN READING DRAWINGS	

ACADEMIC QUALIFICATIONS

- ITI ELECTRICIAN NCVT
Govt. Of India
- PLUS, TWO
NCERT
- SSLC
SCERT

COMPUTER PROFICIENCY

- MS Word
- MS office

CARRIER ABRIDGEMENT

Experienced and motivated Electrical Technician with experience in the electrical industry. Possesses strong technical and problem-solving skills, and is able to work with minimal supervision. Experienced in troubleshooting and installing electrical systems, wiring, and lighting. Skilled in reading blueprints, electrical schematics, and technical drawings. Possesses excellent customer service and communication skills, and is able to work effectively and efficiently in a team environment. Committed to safety and quality standards in all aspects of the job.

WORK EXPERIRENCE

MESAIEED POWER COMPANY LIMITED (MPCL) **02nd January 2023-Present**

- Knowledge of reading and understanding the **SLD** and schematic wiring diagrams.
- Replacing, torque adjustment and limit switch setting of MOVs like limitorque L120,AUMA etc.

Knowledge of reading and understanding the wiring diagram, troubleshooting and operating of **EOT (overhead crane)**

- 3 phase motor control system (**star delta and DOL starter**) and generator transformer and power equipment's preventive maintenance.

- Preventive maintenance of **HV/MV/LV motors**, circuit breakers, protective relays, heaters, busbar, UPS, battery charger, capacitor banks, **VFD, SOFT SATRTERS** etc.

- Preventive maintenance of low, medium and high voltage **Switchgears**

- Installation resistance measurement of motors, cables, and **RTD's**. winding resistance measurement of motors

- Check the terminal tightness with torque wrench. circuit breaker cleaning

- Measurement and installation of cable trays and experience of cable laying, glanding and termination

- Experience in lighting and small power activities

- Maintain the pipeline, performed **cathodic protection** assessments. Maintain anode ground beds and commissioned system to enhance corrosion protection.

- Performed scheduled preventive maintenance and repairs on power generator and **generator brushes**.

- Install, maintain, and repair electrical control, wiring, and lighting systems.

- performed transformer's annual maintenance, inspect **buchholz** relay, cooling oil condition, terminals and winding temperature detector.

- Identify electrical problems with a variety of testing devices like **Megger, pdMA** analyzer and **multimeter** etc.
