Experience

Steel Fire door & Aluminum Glazing Draftsman NAFFCO Qatar Factory (Qatar)

July 2023 to Currently Working

- Technical Mastery in Fire Door Design:**
Strong knowledge of fire-resistant materials and construction methods, with the ability to produce accurate, code-compliant shop drawings for steel fire doors that maximize fire protection, durability, and security
- Detail-Oriented Drafting Skills:**
Proficiency in interpreting architectural and engineering plans, translating them into precise technical drawings that clearly show assembly, hardware, glazing, and installation details.
- Problem-Solving and Critical Thinking:**
Ability to resolve design challenges, adapt to site-specific requirements, and ensure the practicality and compliance of each door system.
- Software Proficiency:**
Skilled in industry-standard drafting tools such as AutoCAD and 3D modelling software, enabling efficient and accurate drawing production.
- Expertise in Aluminium Fabrication and Glazing:**
In-depth understanding of aluminium facade systems, fire-rated glazing options, and the integration of advanced glass technologies for safety and performance.
- Design and Engineering Knowledge:**
Ability to prepare detailed shop and fabrication drawings, review structural and architectural plans, and ensure all components (profiles, brackets, glass) meet structural and fire safety standards.
- Coordination and Communication:**
Strong skills in collaborating with engineers, architects, and project managers to ensure all drawings reflect current requirements and resolve technical issues efficiently.
- Adaptability and Innovation:**
Willingness to stay updated with industry advancements, such as energy-efficient glazing and sustainable materials, and incorporate these into design solutions

Mechanical and Electrical Draftsman & Project Coordinator JTC CONTRACTING (Qatar)

July 2023 July 2024

- Developed team communications and information for meetings.
- Prepare asset register details as per the as-built drawing.
- Transform Design Drawing to Shop Drawings.
- such as Firefighting, Electrical, Mechanical, BMS, DB schedule, Companied RCP
- Prepares As-built drawings in the prescribed computer sheet given by the Client/Consultant and assist in project close-outs.
- Makes necessary calculations and Estimation from the drawing.

Highlighted projects in

Qatar

- IMO (international media office) Muherib down town, Doha.
- Qatar Academy Sidra (QAS) is located in Education City, North Campus – Precinct 9, Doha.

NIIT (AI-Muftah Fiber Glass)

May 2023 to June 2023

3DS Max Software tutor

- Develop and deliver structured training programs for various skill levels in 3ds Max.
- Conduct interactive lessons covering 3D modeling, texturing, lighting, rendering, and animation techniques.
- Create and provide instructional materials, including tutorials, practice exercises, and reference guides.
- Offer personalized support and troubleshooting assistance to students.
- Stay current with the latest 3ds Max features and industry trends to ensure relevant and up-to-date instruction.
- Manage class schedules, track attendance, and maintain student records.
- Facilitate a positive learning environment and encourage student engagement and collaboration.

QATAR 2022 FIFA WORLD CUP

Finance Supervisor cum POS Checker

October 2022 to December 2022

- Generating financial reports using the data from the POS system,
- sales summaries Reviewing and checking the financial transactions processed through a point- of-sale (POS) system
- Reconciling the financial records generated by the POS system with the actual debit and credit card transactions to ensure accuracy

QATAR 2024 AFC CUP

January 2024 to February 2024

CONCESSION LEVEL COORIDNATOR

- Perform various financial activities, such as managing POS units, cash handling, safe audits and deposits.
- Manage festival concessions, including product selection, vendor management and volunteer training.
- Contribute culinary support for cater events.
- Prepare inventory and financial reports and stand/office reconciliations.

Architectural Designer

ARJEE INFRASTRUCTURES

April 2017 to December 2021

- Learned new skills and applied to daily tasks to improve efficiency and productivity.
- Collaborated with team members to achieve target results.
- Worked with customers to understand needs and provide excellent service.
- Proved successful working within tight deadlines and fast-paced atmosphere.
- Developed team communications and information for meetings.
- Worked to maintain outstanding attendance record, consistently arriving to work ready to start immediately.
- Engaged with clients to determine needs and requirements for custom homes.
- Created, printed and modified drawings in AutoCAD and Revit.

Interior Designer Cum Supervisor

QUEEN PALACE HOTEL

May 2015 to February 2017

- To draw the entire Interior designs and to execute the total interior work of the hotel.
- Supervise work progress.
- To produce conceptual plans and documents.
- Post Production Rendering images using Adobe Photoshop.
- Modeling, Texturing, Lighting and realistic Rendering using 3Dmax & V ray.
- Interior drawing layouts using AutoCAD.
- Performs all assigned preventative maintenance work.

Interior Designer and 3D visualizer

February 2013 to February 2015

AMBIANCE INTERIORS & INDRAPRASTHA BUILDERS

- Used critical thinking to break down problems, evaluate solutions and make decisions.
- Developed team communications and information for meetings.
- Prepares As-built drawings in the prescribed computer sheet given by the Client/Consultant and assist in project close-outs.
- Reviewing information for completeness and accuracy.

3D Visualizer & AUTOCAD Draughtsman

GLOBALSHADES

April 2011 to March 2013

- Conceptualized compelling 3D animations, visual effects and motion graphics for logos, symbols, backgrounds and special features.
- Followed design guidelines, asset naming conventions and other technical constraints to produce results compliant with industry and platform standards.
- Interpreted concept art and sketches to create innovative virtual characters, environments and props.
- Used 3DS MAX to create computer-generated effects and simulations.

AutoCAD Draftsman

SHHARON BUILDERS

August 2009 to April 2011

- Reviewed specifications to generate complex details of individual system components.
- Consulted with architects, customers and vendors regarding project scope and milestone dates.
- Used computer-aided design software to prepare blueprints and schematics.

EDUCATION

- Govt. of Kerala Industrial Training Department.
