PERSONAL DETAILS

- **Date of Birth:** 16 August 1989
- **Marital Status:** Single
- **Nationality:** Pakistan

SKILLS

- Diesel and Gas Generator Operation & Maintenance
- Air Compressor Operation and Maintenance
- Preventive & Corrective Maintenance
- Engine Diagnostics and Repair
- Load Testing & Performance Monitoring
- Electrical and Mechanical System Knowledge
- SNG Plant Operation and Maintenance
- Centrifugal Water Pump Operation & Maintenance
- Electric Wiring
- Technical Drawing

LANGUAGES

- English
- Urdu
- Pashto

EXPERIENCE

10 Jan 2009 – 10 Feb 2013

Amna Textile

Engine Operator

Operate and monitored Gas Gen Set Caterpillar 3516A (975) KW 351 6B(1110)KW Conducted routine Inspection Oil Change, filter replacement and lubrication Diagnosed and repaired Mechanical and Electrical fault minimize down time performed load testing and adjusted setting optimal efficiency.maintained logs of Operation fuel consumption and maintenance activities. the worked with complete After receiving a work permit they performed maintenance work safely so that mnechanical and Electrical were not damaged and there was no physical harm.

12 Mar 2013 – 15 May 2018

Atlas Honda

Utility Operator

Operate and monitored Desiel Gen set Cummins (1500)KW Compressor Atlas Copco (45)KW Atlas Copco (37)KW SNG gas plant Centerfugal water pump routine inspection Gen set oil change filter change and lubrication. Compressor operated and mmonitored routine inspection Oil level checked, oil separator checked,air fitter checked,and all filter checked maintenance activities Cil change air filter change and All filter replacerent Ensure complain. with safety regulation and company policies. SNG Gas Plant operate and monitored LPG tank tevel maintained veporizer water level maintained air storage tank level maintained All value checking and troubleshooting . circulation water pump Operate and monitored and maintenance collaborated with engineering terms of system upgrade and instllation Safety the worked with complete safety After recerving a work permit they performed maintenance work safely so that mechanical and Eiectrical were not damaged and there was no physicl harm

16 May 2020 -20 June 2023

Artistic Textile AM16

Engine Operator

Operate and mmonitored Gen set Caterpillar 3516B (1110)KW. Desiel Gen set (500)KW" conducted routine Inspection Cil level checked Air filter checked and lubrication and colling tower msintained Maintenance activities by checked list . The worked wth complete safety.After receiving a work permit they performed maintenance work safely so that mechanical and electrical parts were not damaged and there was no physical harm

EDUCATION

2005

Jamia Millia Vocational Institute, Malir Karachi

Marticulation

A

2008

Pakistani Swedish Institute of Technology
