SHAHIM SHARIR

LIGHT MOTOR VEHICLE

Dear Sir, Medam

I am a driver with a great deal of experience who wishes to meet and exceed even the most demanding of requirements. I have the ability to learn on the fly and to adapt to different scenarios. I am familiar with many areas of the United Kingdom and am happy to take on more responsibilities as the company may see fit. I boast the ability to drive both standard and automatic vehicles. I also bring personality to the position; ideal for establishing a rapport with all passengers. However, I also that discretion is advisable under certain circumstances. I am also regularly trained in regards to defensive driving; bringing a further air of safety to any excursion. I hope to work with a company that is able to provide me with room for upward mobility. I enjoy working as part of a team and yet am fully motivated to approach tasks alone. I believe that any professional car driving firm should boast a sense of cohesion and I hope to encounter such a role in the very near future. Through this sense of mutual respect, I will provide the necessary skills to keep customers loyal over time. I am eager to embark upon new challenges within this exciting industry and firmly believe that a sense of personal achievement is only possible through such an approach.

Sincerely,
