

# MELBERT C. AYSON

AUTOCAD OPERATOR/DRAFTSMAN/  
INTERIOR & EXTERIOR DESIGNER

+974 7083 4376

aysonmelbertc@gmail.com

Ain Khaled, Doha, Qatar

## Education

### Bachelor of Science in Industrial Education major in Drafting Technology

Bicol University College of Industrial  
Technology  
2011 - 2015  
Legazpi City, Albay, Philippines

## Certifications

### LICENSED PROFESSIONAL TEACHER

By the Professional Regulation  
Commission (PRC) in the Philippines

### TECHNICAL DRAFTING NC II

## Skills

AutoCAD, SketchUp, Lumion

3D Modeling, 2D Drafting

Blueprint Reading

Technical Drawing

Elevation and Layout

Detailing

## Referees

### MANELO P. ALIBATA

Owner/Proprietor  
Humano Construction and Supply

## Professional Summary

As a Draftsman, my professional background has equipped me with a deep understanding of the critical role precision plays in technical drawing. I am eager to actively contribute to architectural and engineering projects, focusing on streamlining drawings and designs to achieve maximum automation and accuracy. My objective in collaborating with inter-departmental teams is to leverage diverse perspectives and synergies, which will further enhance my professional training and drafting skills.

## Experience

### Freelance Draftsman & AutoCAD Operator

- Experienced in detailed technical drawings: Specializing in building structures and interior designs.
- CAD Software Proficiency: Highly skilled in AutoCAD, SketchUp and Lumion for accurate plans, elevations, and sections.
- Collaborative Approach: Works closely with engineers and architects on residential, commercial, and infrastructure projects.

### Drafting Teacher/Company Draftsman

Philippine International School - Qatar      October 2022 - June 2025

- Prepared detailed 2D and 3D layout plans and working drawing for school renovation and enhancement projects.
- Designed and drafted the proposed school parking area layout including traffic flow slot dimensions and signages.
- Create detail joinery and cabinet drawings for classrooms, comfort rooms, and administrative offices.
- Produced emergency evacuation plans with proper fire exits, direction paths, and "You Are Here" maps for posting.
- Coordinated with school administrators, maintenance staff and contractors to ensure project accuracy and implementation.
- Provide hands-on training in CAD software, including AutoCAD, SketchUp, and Lumion.
- Support students with drafting projects across architectural, structural, and interior design disciplines.

### Senior Draftsman/AutoCAD Operator

Humano Construction and Supply      Mar 2015 - June 2022

- Draw technical outlines and layouts of the building structure and interior design.
- Work with engineers and architects in preparing design documentation for infrastructure and commercial or residential projects.
- Use AutoCAD, SketchUp, and other CAD tools to prepare precise drawings.
- To comply with building codes and industry standards.
- To produce working drawings: plans, elevations, and sections.
- To conduct site inspections, measurements, and evaluations for the construction.
- Maintain due control over technical specifications, material properties, and number dimensions.
- Organize and manage project documents, blueprints, and drawings.
