Architect

Career Profile

Certified architect with a passion for creating visually captivating designs that blend aesthetics and functionality. I possess a strong command of design principles and branding strategies, coupled with a collaborative spirit that enhances team success. Eager to bring my creativity and expertise to a design agency, making a meaningful impact through innovative visual solutions.

Experience

DESIGN MANAGER (LIVING EVENTS & TRADING- EVENT PLANNING COMPANY) Doha, Qatar Nov 2024 - Present

Living Events & Trading has a leading Team, with more than 10 years of experience in the MEA, Europe, Africa and GCC. Special in creating one-of-a-kind celebrations that truly represent the honouree/s.

Job Description: Conceptualizing and realizing ideas, organizing, designing and creating photorealistic 3D images and animations for corporate and social events.

- Led the creative and technical development of custom wedding interior designs, transforming abstract themes into fully realized spatial experiences.
 - Designed and developed complete spatial concepts for luxury weddings and events, aligning with client vision, cultural context, and brand identity.
 - Produced comprehensive architectural layout plans, detailed 2D drawings, 3D visualizations, and material boards tailored for high-end event interiors.
 - Delivered precise execution packages, including CAD drawings and production-ready files for fabrication and on-site installation.
 - Managed site adaptations and layout planning for wedding venues, considering structural limitations and architectural detailing.
 - Oversaw on-site installation phases to ensure design accuracy, material quality, and aesthetic integrity throughout project delivery.
- Created both static visualizations and animations for Qatar International Rally in Lusail Boulevard, organized by QMMF.
- Developed the whole branding for the WAVA Women's U20 Beach Volleyball Championship event in Qatar organized by QVA.
- Developed the 3D visuals and contributed to the branding for the Mena Karting event in Lusail International Circuit, Qatar.
- Conceptualized the layout for bike event held at Old Doha Port, ensuring an engaging and efficient space for attendees.
- Worked with architectural and design team to plan and visualize construction projects for both corporate and social events.
- Presented and explained visuals to colleagues and clients, and ensured all ideas are represented accurate and attractive.
- Produced high-quality atmospheric visualizations for competition and client presentations.

ARCHITECTURAL DESIGNER (RCC - ROYAL CONSTRUCTION AND DESIGN COMPANY) Jan 2022 - Oct 2024

RCC is a fully integrated Design/Build architecture firm located in Sierra Leone-Africa that handle a variety of projects regardless of their unique requirements.

Job Description: Designing new projects from initial sketches to complete drawings and layouts, culminating in 3D renderings and videos, while also assisting the clients during the entire process.

- Designed four residential buildings with full drawings (Sketches, plans, elevations and landscape design) according to the client request and created the 3D model with rendered shots.
- Executed design for 3 hotel projects, managing all architectural plans, 3D models, and client revisions with attention to both aesthetics and functionality.
- Led the redesign of an office building for the port authority, producing updated architectural plans and a full 3D visualization that aligned with new operational requirements.
- Created drawings for two commercial project, determined which types of architecture are the best choice for the area, and provided full plans with their 3D design.
- Worked on execution files for 2 major projects, ensuring that all construction documentation and technical drawings met production standards.
 - Designed and rendered several interior projects, preparing layout plans and 3D perspectives for client approval and execution.
- Created photorealistic 3D renderings and animation videos to visualize design intent and support client presentations.

FREELANCE ARCHITECT AND DESIGNER

Aug 2020 - Jan 2022

- Designed Al Aytam station in Deir Kanoun Al Naher, created the 3D model with rendered shots.
- Designed several architectural sketches and projects.
- Created drawings for each project, determine which types of architecture are the best choice for the area, and provide remote consultation and guidance during the construction phase.
- Fleshed out a final version of the construction project, specifying dimensions, codes, production methods, and materials.

SAMER BACHIR ARCHITECTS, Beirut

2019

An architecture office that controls project from start to finish to ensure high quality and functional design.

My goal was to apply my knowledge to deliver the highest quality of design and maximize the productivity of the work load.

Job Description: Drawing up building plans and modifying their designs throughout the building process to create unique and well-organized structures for the client.

- Participated in all the phases of design of 3 main projects producing plans and engaging in landscape architecture.
- Redesigned plans for a main project according to the customer request, and produced the other faces of the design (elevations, sections and landscaping).
- Interacted with other Architects and Designers to exchange ideas and provide support.

TOWER ENGINEERING AND CONTRACTING SARL, Beirut

2017

Tower is a firm founded on a principle that the greatest contribution of architecture is to strengthen communities.

My goal was to gain more professional experience in design prior to graduation.

Architect Intern

Job Description: Producing drawings and layouts and assisting the clients throughout the project.

- Created 3D and 2D construction documents using Autocad.
- Provided initial design concepts for a restaurant and a residential complex.
- Collaborated with colleagues in different sectors to update each other for the projects which resulted in optimized projects efforts.
- Prepared 40 scale drawings of planned developments using CAD software.
