

## **M. R. RYAS MOHAMED.**

### **Architectural CAD / Revit Modeler**

Sri Lanka M: +97450657655 E: [ryasmohamed6969@gmail.com](mailto:ryasmohamed6969@gmail.com)

QID - 29514413259

---

### **CAREER OBJECTIVE**

I am a professional **Architectural CAD Revit Modeler** / With 5+ years' experience in providing modern Architectural drawing, Revit Architectural models, rendering in Lumion, schematic designs, building codes, BIM models, 3D models, drafting techniques, visiting sites, printing CAD & Revit drawings, and many more skills as per the specifications & sketches given by Architects, Engineers, project managers, structural engineers & maintenance engineers.

### **ACADEMIC QUALIFICATIONS**

#### **Revit Architecture**

- Successfully completed the Certificate in Revit Architecture Course in CBET.  
During\_2016 to 2017-

#### **CAD & BS**

- Successfully completed the CAD & BS Course in BCAS Campus.  
From October\_2014 to August 2015

#### **Auto cad**

- Successfully completed the diploma in Auto-CAD course in CADD center.  
During \_January 2014 to august 2014

### **Work Experience**

#### **S ABSTRACT - QATAR\_Doha**

Architectural CAD / Revit Modeler , Currently Working from April.

#### **LIGHT & SHADE - Sri Lanka\_ Mount Lavinia**

Architectural CAD / Revit Modeler, Dec 2022 to Oct 2023

- Attend meetings with the client to understand the project specifications and scope.
- Work with construction team members to establish a time line for the design.
- Use design software such as (Auto CAD, Revit & Lumion) to produce 2D AND 3D designs, depending on the complexity of the project.
- Research material properties in large database to identify the best material for modeling.

- Notify supervisor and project manager of the design's progress and when the design is complete.
- Get feedback from the client and construction managers to revise designs as needed.

### **QUORA Builders – Sri Lanka\_ Kandy**

Architectural CAD / Revit Modeler, Sep 2017 to Sep 2019

- Analyzing building codes, specifications & sites.
- Creating technical drawings for the sketches and specification of architects & engineers.
- Using CAD / Revit software to create drawings that incorporate exact measurements, calculations, building codes, & other construction details.
- Printing CAD schematic drawing for use by architects, construction managers, & structural and maintenance engineers.
- Entering CAD data into building information modeling (BIM) system to create Revit models and renderings.
- Preparing drawings, charts, and records with CAD tool and conventional drafting techniques.
- Visiting construction sites to perform measurement and calculate dimension as needed.
- Collaborating with architects & engineers to ensure adherence to building specifications & industry regulations.
- Keeping abreast of the latest developments and technologies in architectural design.

### **SD Construction – Sri Lanka\_ Kollupitiya**

Trainee Architectural Draftsman, May 2016 to May 2017

Creating architectural drawings for the sketches given by the architects and engineers.

- Preparing municipal approval drawings (building regulation drawing).
- Taking site measurements and building measurements for measured drawings.
- Having good knowledge about modern building designs.
- Attending site meetings.
- Creating shop drawings, as-built drawings etc....

## **KEY SKILLS & COMPETENCIES**

- Familiar with Auto-CAD, Revit Architecture, Lumion, building codes, etc...
- Rendering the 3D models.
- Ability to read construction drawings, Auto-CAD drawings and BIM models.
- Interpersonal and teamwork abilities.
- Technically motivated.
- Quick learner.
- Pay attention to detail.
- Written & oral communication.

## **Non - Related Referees**

M.S.M.Marwan.  
BSc (Hons) Civil & Structural Engineering - rd  
Visiting Lecture at BCAS Kandy Campus.
