Summary

Highly skilled Automotive Technician with three plus years of experience and training. Discovers the root of the problem quickly and works to find solutions. Automotive Technician focused on completing preventative maintenance and repairs in a timely fashion and giving proper attention to every vehicle and customer.

Experience

Automobile Technician – 05/05/2010 to 10/06/2012

Lumina Motors

- Maintained vehicle functional condition by listening to operator complaints, conducted inspections, repaired engine failures, repaired mechanical and electrical systems malfunctions, replaced parts and components, repaired body damage.
- Evaluated the customers automotive needs, performed inspection, diagnostic confirmation, and repairs.
- Recommended additional services and products based upon vehicle inspections.
- Engaged customers in conversation to figure out their automotive problems.
- Serviced air conditioning, heating, engine-cooling, and electrical systems.

I have been in Japan for a period of ten years (2012 to 2022), further studying Automobile Engineering engaged with various companies.

TO WHOM IT MAY CONCERN

This is to certify that Mr. D.W.Dimuth Rajitha senevirathne has been well known to me since. 05/05/2010 to 10/06/2012 during which period he has been working at our light car work shop as a semi skilled technician.

Mr.Senevirathne is extremely hard working. Honest and trustworthy. Also seems to have a natural talent of automobile engineering, further more he has been participated various training program conducted by Lumina motors training center. During that period.

As a technician Mr. Senevirathne can work independently with modern petrol and diesel vehicles. Related with any kinds of high tech repairs.

I have no doubt to recommending him to any prospective employer who need is service.

I wish him all the best in his future.
