WORK EXPERIENCE

JAPHRAIM NIGERIA LIMITED (West Africa Machinery and Services)- Jan 2021 to Date

Heavy Duty Mechanic.

Key Responsibilities:

- I maintain fleet trucks in good working condition by following preventive and corrective maintenance schedules based on hour readings and manufacturer guidelines. I lead vehicle inspections and use my industry knowledge to advise the company on truck purchases. I break down complex mechanical issues into simple tasks that team members with less technical background can handle. I also oversee offsite repairs for broken-down vehicles and lead toolbox meetings to prepare the team for daily work. Fleet trucks in good working order by following preventive and corrective maintenance schedules based on hour reading and OEM recommendation.
