

FAJARUDHEEN KADER

Senior CAD Technician & Architectural Draftsman

+974 66198493 | fajarudheen@gmail.com | Qatar

Professional Summary

A highly skilled and detail-oriented Senior CAD Technician and Draughtsman with over 15 years of extensive experience in producing precise technical drawings and construction documentation using AutoCAD and Revit. I am adept at converting conceptual designs into detailed IFC (Issued for Construction) and shop drawings that adhere to strict project standards. I have a proven ability to collaborate effectively with multidisciplinary engineering teams and site teams to ensure drawing accuracy aligns with construction progress. Known for a proactive and solution-oriented mindset in a fast-paced construction environment.

Core Competencies & Skills

- CAD Software:** AutoCAD, Revit
 - Technical Drafting:** Architectural Detailing, Shop Drawings, As-Built Drawings, etc.
 - Project Coordination:** Construction Documentation, Site Coordination, etc.
 - Languages:** Malayalam (Native), Hindi (Fluent), English (Fluent), Arabic (Conversational)
-

Professional Experience

- Senior CAD Technician (AutoCAD & Revit)**
Arabian Gulf for Trading Contracting (AGT), Doha | January 2024 – Present

Prepared detailed and accurate technical drawings, layouts, and plans for civil, architectural, and MEP disciplines.

Developed comprehensive infrastructure civil and utilities coordination and shop drawings.

Generated accurate As-Built Drawings based on site measurements and surveyor inputs.

Collaborated with engineers and site teams to ensure all drawings aligned with project specifications and actual site conditions.

Reviewed and revised drawings to reflect design changes and project updates.

CAD Technician / Architectural Draughtsman (AutoCAD)
- CAD Technician / Architectural Draughtsman (AutoCAD)**
Urbacn Trading and Contracting (UCC), Doha | April 2022 - September 2023

Produced detailed technical Civil, Architectural, and MEP shop drawings and as-built documentation.

Coordinated with surveyors and engineers to develop accurate coordination drawings for infrastructure projects.

Ensured the accuracy and quality of all output drawings by meticulously preparing and reviewing as-built and revised versions.

- **CAD Technician / Architectural Draughtsman (AutoCAD)**

Al Tawfeeq Partners Contracting (TPC), Doha | May 2020 - February 2022

Created precise shop drawings for various building components and utilities.

Collaborated closely with engineers and surveyors to produce coordinated drawings for civil, MEP, and infrastructure works.

Supported construction teams by providing timely and accurate drawing revisions and as-built updates.

- **Senior Architectural Draughtsman (AutoCAD)**

Qatar Design Consortium (QDC), Doha | August 2008 - March 2019

Generated detailed IFC drawing packages and secured necessary municipal and Civil Defense approvals.

Designed and detailed architectural drawings for tenders, construction, and approvals.

Streamlined project documentation processes by creating comprehensive project dossiers.

Interfaced with clients and stakeholders to ensure design requirements were met and satisfaction was achieved.

Education & Certifications

- Diploma in Interior Design – Brainnet, School of Interior Design Architecture (2001)
- Diploma in Drafting – Ramavarma Institute of Civil Engineering (1998)
- Diploma in Civil Engineering – Ramavarma Institute of Civil Engineering (1997)
- AutoCAD Certification – CAD Park (1997)
