EDUCATION

**Bachelor of technology:
Civil Engineering**
KMEA Engineering College,
Kerala, India

SKILLS

- AutoCAD proficiency
- Site layout design
- Material estimation
- Communication
- Problem-solving
- Construction Drawing

COURSES & CERTIFICATION

AutoCAD
CAD Point, India
2022

3DX MAX
LCC, India
2023

PROFESSIONAL OVERVIEW

Dynamic Civil Draftsman with proven expertise at SETSQUARE Design & Structures, skilled in AutoCAD. Enhanced project accuracy through meticulous material estimation and effective problem-solving, leading to increased client satisfaction. Adept at creating precise construction drawings and ensuring compliance with industry standards, contributing to successful project outcomes.

WORK EXPERIENCE

Civil Draughtsman Cum Cost Estimator

SETSQUARE Design & Structures, India | 11-2024 to 06-2025

- Created detailed technical drawings using CAD software to support engineering projects.
- Assisted in developing design specifications and ensured compliance with industry standards.
- Assisted in cost estimating and budget planning for projects.
- Increased overall client satisfaction rates by promptly addressing issues or concerns related to drafted plans, making necessary adjustments as needed.

Civil Draughtsman Cum Site Engineer

Jose Associates, India | 11-2023 to 09-2024

- Created detailed civil engineering drawings and plans using AutoCAD software.
- Collaborated with engineers to refine design specifications and ensure compliance with regulations.
- Conducted site surveys to gather data for drafting accurate construction documents.
- Evaluated project sketches and drawings for technical and measurement errors.

Civil Draughtsman

Aspect Building Designers, India | 11-2021 to 12-2022

- Prepared colored drawings and scale models to present to clients.
- Maintained strong knowledge of latest drafting software to create fresh, accurate project drawings.
- Leveraged CAD software capabilities to quickly produce revisions while reducing man-hours spent on modifications.
