| SUMMARY

- Dedicated and skilled Architectural Diploma holder with 3 years of technical education in Pakistan, specializing in residential and commercial layout planning using AutoCAD. Experienced in architectural drafting, space planning, and construction detailing based on local standards. Highly interested in expanding my professional experience by working on projects inspired by Qatar's modern and culturally rich architectural designs. Eager to contribute to creative and functional design solutions while learning from advanced industry practices in the Gulf region.
- Committed to utilizing my skills to further the mission of a company.
