Robert Paul Caritativo

Architectural Drafter | Interior Design Specialist | Fit-Out & CAD
Expert | Doha-based Freelancer
Doha, Qatar

Summary

I am an experienced Architectural Drafter and Interior Design Specialist with over seven years of hands-on involvement in interior fit-out, space planning, and technical drafting for both residential and commercial projects.

My expertise lies in developing precise architectural and manufacturing drawings using tools like AutoCAD, SketchUp, and Lumion, ensuring designs meet both aesthetic and structural requirements. I'm known for my attention to detail, creative problem-solving, and the ability to deliver exceptional design solutions on time.

I thrive in collaborative environments, working closely with engineers, architects, and clients to bring spaces to life—whether it's through 2D plans or 3D presentations.
