### PROFILE

I am a professional Marine Mechanic with a career foundation in the Pakistan Navy, an institution known for discipline, technical excellence, and safeguarding national waters while contributing to global peace efforts. Over the course of 10 years of service, I have accumulated 9,000+ sea hours onboard naval ships, including goodwill visits to 13 countries. As a Marine Mechanic, I was responsible for the operation and maintenance of main propulsion systems and all auxiliary machinery. During my tenure, I earned three promotions, reflecting my dedication and expertise in the field. Additionally, I completed various short courses to enhance my skills in handling diverse onboard hazards, ensuring operational safety and efficiency.

### WORK EXPERIENCE
