

# KOPI HANNAN

Electric Technician

## About Me

Dedicated and skilled electrician with experience in Qatar, specializing in facility management, electrical maintenance, and CATL EV battery systems. Proven ability to troubleshoot, repair, and maintain electrical systems with strong commitment to safety and quality.

## Experience

Electrician  
Wasel - Qatar

- Performed preventive and corrective electrical maintenance for residential, commercial, and industrial facilities.
- Installed, inspected, and repaired electrical systems including lighting, power supply, DB panels, and emergency circuits.
- Responded to electrical breakdowns and resolved faults to minimize downtime.
- Conducted routine inspections to ensure compliance with facility management standards.
- Coordinated with maintenance teams for HVAC, plumbing, and mechanical support.
- Prepared service reports, maintenance logs, and daily activity sheets.

EV Battery Service engineer  
CATL

- Maintained accurate documentation of inspections, repairs, and battery health reports.
- Performed Level 2 servicing, diagnosis, and repairs of CATL EV battery systems.
- Ensured safe handling, testing, and replacement of battery modules and components.
- Identified system faults and executed corrective actions as per manufacturer guidelines.
