

# Mohammed Ashiq

QC / NDT Inspector (ASNT Level II – UT, MT, PT, RT, VT)  
3rd Party Inspection | Oil & Gas | Well Services  
Qatar | +974 7746 2738 | ashiquhohammed027@gmail.com

## Professional Summary

Results-driven QC & NDT Inspector with 4+ years of experience in third-party inspection, quality control, and non-destructive testing across oil & gas well services, automotive manufacturing, and precision components. ISO 9001:2015 Internal Auditor certified with strong expertise in MT, PT, UTG, RT, VT, and dimensional inspection. Proven ability to lead site inspections, verify certifications (CoC, MTC, RMTc), interpret engineering drawings and P&IDs, and ensure compliance with international standards in high-pressure operational environments.

## Professional Experience

### 3rd Party QC / NDT Inspector – Site Lead

Client: SLB RP Well Services | Qatar (Apr 2023 – Present)

- Perform MT, PT, UTG, RT, VT, and dimensional inspections on wireline tools, coiled tubing tools, pressure control equipment, stimulation tools, and lifting & rigging equipment.
- Ensure compliance with client specifications, international standards, and safety requirements.
- Verify Certificates of Conformance (CoC) and inspection documentation for in-process and final acceptance.
- Interpret engineering drawings, P&ID; diagrams, and mechanical specifications.
- Coordinate inspection activities with site teams and client representatives.
- Prepare daily inspection reports, document non-conformities, and recommend corrective actions.

### Final Quality Inspector

MK Fasteners Pvt. Ltd. | India (Mar 2022 – Oct 2022)

- Conducted final inspections of fasteners and precision components for dimensional tolerances and thread standards.
- Performed visual inspections, hardness testing, and precision measurements using gauges and profile projectors.
- Verified Material Test Certificates (MTC) and batch traceability documentation.
- Supported 8D problem-solving and corrective actions.
- Maintained inspection records and quality reports.

### Quality Trainee

Sansera Engineering | India (Jan 2022)

- Assisted in quality inspections of precision machined components and documentation.

### Quality Trainee

Toyota Industries Engine India | India (Aug 2020 – Jun 2021)

- Assisted in automotive engine quality inspections, dimensional checks, and process monitoring.

## Education

Diploma in Mechanical Engineering – BIT Polytechnic, Mangalore, India (Oct 2020)

## Skills

**NDT & Inspection:** MT, PT, UTG, RT, VT, Dimensional Inspection

**Equipment & Tools:** Wireline & Coiled Tubing Tools, Pressure Control Equipment (BOPs, Valves, Manifolds), Stimulation Tools, Lifting & Rigging Equipment, Calipers, Micrometers, Gauges, Hardness Testing

**Quality Assurance:** CoC, MTC, RMTc Verification, In-Process & Final QC, NCRs, 8D Reports

**Technical:** Engineering Drawings & P&ID; Interpretation, Mechanical Tolerances

**Soft Skills:** Client Coordination, Attention to Detail, Problem Solving, Safety Compliance

## Certifications

- ISO 9001:2015 Internal Auditor – ICEQBS (Exemplar Global – ASQ Family), Feb 2026
- NDT Level II – UT, MT, PT, RT, VT
- PDMS (Plant Design Management System)
