SUMMARY

Marine Maintenance Technician with over 4 years of hands-on experience in engine room operations, diesel engine overhauling, and shipyard-based mechanical servicing. Skilled in working aboard FG vessels and harbour tugs, and experienced in shore-based technical roles supporting shipyard maintenance and drydock operations. Adept in managing repair tasks, ensuring safety compliance, and contributing to vessel readiness. Seeking a shore-based technical opportunity within international shipyards or marine engineering companies.

SHORE BASED EXPERIENCE

Mechanical Technician | Tile Marine - Cochin Shipyard, Kerala, India | Jan 2016 - May 2017

- Overhauled diesel engines, pumps, valves, and shipboard auxiliary machinery for vessels undergoing refit and maintenance.
- Dismantled main engine components, aligned propulsion shafts, and calibrated fuel injection systems in compliance with manufacturer standards.
- Performed pressure and flow testing on marine hydraulic and pneumatic systems to verify system integrity post-repair.
- Assisted in dry-docking procedures including engine room isolation, tank cleaning, and safety equipment inspection.
- Coordinated with shipyard engineers and supervisors for daily task planning, spare part requisitions, and quality control documentation.

SEA BASED EXPERIENCE

Engine Room Rating (Motorman) | MAERSK

FG Vessel | Dec 2023 - Sep 2024

- Assisted with routine and emergency maintenance of main and auxiliary engines, pumps, compressors, and heat exchangers.
- Conducted machinery rounds, monitored equipment performance, and reported mechanical issues.
- Maintained cleanliness and safety in engine room operations, adhering to MAERSK's maintenance protocols.

Engine Room Rating | MV SPIL NIRMALA - SKKR, India

FG Vessels | Jul 2023 - Aug 2023

- Operated and maintained auxiliary machinery including pumps, generators, and steering gear.
- Conducted regular performance checks and assisted with safety drills and emergency systems.

SKILLS
