

OBJECTIVE

Dedicated and skilled freelance electrician with over 4 years of experience in residential, commercial, and industrial electrical work. Proficient in wiring, installation, troubleshooting, and maintenance of electrical systems. Seeking to provide reliable and safe electrical services while ensuring high standards of quality, customer satisfaction, and timely project completion.

EXPERIENCE

2021 - Present | Self Employed
Freelance Electrician

ROLES AND RESPONSIBILITIES

- Install, repair, and maintain electrical wiring, systems, and equipment in residential and commercial buildings. Conduct electrical inspections to identify faults, wiring issues, and safety risks.
- Plan and execute wiring layouts, switchboard setups, and lighting systems as per client requirements. Ensure compliance with electrical codes, standards, and safety regulations.
- Troubleshoot and repair electrical faults in circuits, sockets, and control panels.
- Perform maintenance of electrical systems to prevent potential hazards and ensure efficient operation. Install and configure inverters, UPS systems, and generators for backup power supply.
- Read and interpret blueprints, technical diagrams, and load schedules for accurate electrical installations. Estimate project costs, prepare quotations, and manage material procurement for client projects.
- Communicate effectively with clients to understand requirements and provide technical guidance.
- Follow strict safety protocols and use proper PPE (Personal Protective Equipment) during all work activities. Manage small teams or helpers during large installations or renovations.
