## PROFILE

I am a responsible and experienced driver with several years of professional driving in Tunisia, including transportation services, security company operations, and taxi driving. I am highly committed to safety, punctuality, and delivering excellent service to passengers and employers. With strong knowledge of road regulations, vehicle handling, and customer care, I can adapt to different driving environments and ensure smooth, secure, and reliable transportation.

## WORK EXPERIENCE

### Transportation TUS, Tunisia

Driver

- Safely transported passengers across designated routes.
- Maintained vehicles in good condition and followed strict safety standards.
- Assisted passengers with boarding and provided excellent customer service.

### Pro Security Company, Tunisia

Driver

- Operated company vehicles for staff and material transportation.
- Ensured safe and timely transport of security personnel to assigned locations.
- Followed security protocols and maintained confidentiality at all times.

### MPC company Qatar

Driver and Helper

- Professional Driver with experience working alongside kitchen maintenance teams specializing in cooling and heating systems. Responsible for the safe transportation of tools, equipment, and materials, while also assisting technicians on-site when required.
- Committed to safe driving practices, punctual deliveries, and maintaining the integrity of all items. Known for professionalism, teamwork, and the ability to support operations efficiently across multiple job locations.
