ABOUT ME

(Personal Profile, Professional Summary, or Resume Objective) is a short paragraph at the top of your document that summarizes your professional identity, key skills, and career goals.

EXPERIENCE

Business Consultant

security guard

A security guard CV should highlight relevant certifications (e.g., SIA license), surveillance skills (CCTV, patrolling), and physical alertness. Include specific, quantifiable accomplishments—like reducing theft by 20% or managing 50+ incidents—to demonstrate competence. Focus on conflict resolution, access control, and report writing.

Sale man

Marketing Manager

In sales, your CV is your first pitch. To stand out, it must be results-driven, quantifiable, and tailored to the specific role. Use a clean, reverse-chronological format to highlight your most recent successes first.
