

Name: Christopher Piquero Banayos
Address: St. 43 block 21 industrial area Doha Qatar
Mobile: +97477377258
G-Mail: banayoschristopher902@gmail.com

CAREER OBJECTIVE

I am a skilled and safety-conscious electrician seeking an entry-level position to apply my knowledge of electrical systems and wiring to ensure the efficient and reliable operation of electrical equipment and systems in a dynamic organization.

CORE COMPETENCIES

- Prepare construction materials and tools.
- Observe procedures, specifications and manuals of instruction.
- Interpret technical drawings and plans.
- Perform measurements and calculations.

PROFESSIONAL EXPERIENCE

Boom General Contractors Company W.L.L Doha Qatar
March 2013 to present

Since:

Website: www.bgcqatar.com

Company Profile:

Boom General Contractors is a general contracting and engineering company committed to delivering the highest level of service and superior quality to its valued clientele. Together with our customers, we help shape the urban landscape in each of our projects and assist in the promotion of economic growth and sustainability within the locality.

Since its establishment in 1960, Boom General Contractors has offered more than half a century of experience in the construction field, specializing in civil, structural, infrastructure works, electro-mechanical installations, complete interior fit-outs, landscape development, and specialty construction, which continuously challenge, enhance, and sharpen our abilities in delivering excellent concrete results.

Our projects span across the GCC in Qatar, Lebanon, and Saudi Arabia, with the main offices operating in Doha. Our projects extend to the development of residential, commercial, medical, institutional, industrial, and public governmental facilities. Exceeding expectations is our main priority: to bring a proactive and progressive approach to every project, whether it is a multi-million-dollar development or the construction of a single-story villa. Our company is bound by its values of quality, integrity, reliability, safety, and ethics.

Designation: Firealarm Technician / Electrician

Job duties:

- Installation of fire alarm components such as photoelectric smoke detectors, manual call points, control modules, monitor modules, beam detectors, and other related
- Cable raceway installation in the underground and overhead, such as Gi, pvc, flexible conduit, cable tray, and trunking.
- Perform rough installation of slab-laying pvc pipes.
- Proficient in wiring, dressing, glanding, and termination for the distribution board.
- Responsible for meggering and continuity testing for lighting and power homeruns before termination.
- Diagnose electrical and fire alarm faults.
- Installation of micc cable in the substation and transformer areas.
- Installation for the switch, power socket, and water heater.
- Knowledgeable to read blue print and single line diagrams.
- Involve myself in commissioning and testing before the civil defense inspection.
