

# RIASAT ALI

Driver

## PROFILE

As a dedicated school bus driver for almost 6 years, I ensure the safe and timely pick-up and drop-off of students. I hold a manual license for both medium and light vehicles, and I am skilled in diagnosing issues related to vehicle registration (istamara). My expertise extends to minor AC, electrical, and mechanical repairs, enhancing the reliability and comfort of my vehicle.

I excel in navigation and route planning, ensuring efficient travel across various destinations. My comprehensive understanding of the laws and regulations in Qatar underpins my commitment to safety and compliance on the road.

In addition to my driving responsibilities, I serve as a foreman supervisor in a workshop setting. I lead teams effectively, guiding workers and coordinating tasks to maintain high standards. My active approach and self-management skills enable me to handle multiple responsibilities with ease.

## EXPERIENCE

Bright Future International School 2020-Present

### DRIVER

For almost six years, I've dedicated myself to working as a driver at a school, where my primary responsibility revolves around ensuring the safe transportation of students. Each day, I am tasked with picking up students from their homes and dropping them off at school, then completing the reverse journey in the afternoon. This means that I must be vigilant and attentive at all times, paying close attention to road conditions and traffic regulations to ensure the safety of everyone onboard. Additionally, I am committed to maintaining the vehicle in pristine condition. This involves regular checks and maintenance to prevent any mechanical issues, as well as ensuring the interior is clean and comfortable for the students.

Adhering to all safety and traffic regulations is paramount, not only for the safety of the students but also to set a good example for them. I also strive to maintain a friendly and approachable demeanor, as I believe it is crucial in fostering a positive and welcoming environment. This friendly interaction helps in putting students at ease and makes the daily commute a pleasant experience for everyone involved. Furthermore, I meticulously keep track of routes and schedules to guarantee punctuality and efficiency, which is vital in maintaining a smooth operation.

Building strong relationships with students, their parents, and school staff is another essential aspect of my role. I make a concerted effort to communicate effectively and address any concerns that may arise, ensuring a collaborative and supportive atmosphere. This connection not only enriches my work experience but also enhances the overall experience for the students and their families.

### PURCHASING OF PARTS AND TECHNICAL WORK

In addition to my expertise in AC gas filling, electrical work in vehicles, and mechanical tasks, I also have a strong ability to purchase vehicle parts and determine which ones are suitable for the current vehicle. Moreover, I am well-versed in navigation and routes, as well as the local laws in Qatar, providing me with a comprehensive understanding of the area. I efficiently handle minor tasks, eliminating the need for a workshop visit for small issues.
